

Le Méli-Mélo

Le puzzle géométrique est présenté dans « Jeux mathématiques, volume 1 » (Mitsumasa Anno) Collection Père Castor, Flammarion 1993). Dans ce livre, les lutins Méli et Mélo découpent un carré en cinq morceaux et les réassemblent pour former divers animaux. Le lecteur est incité à les réaliser lui-même.

Le puzzle est évoqué dans « Enseigner les mathématiques à la maternelle (F. Cerquetti-Aberkane et C. Berdonneau) Hachette Éducation 1996-2007. Des pistes d'utilisation y sont indiquées pour les trois années du Cycle 1.

Il été repris dans l'ouvrage « Vers les maths – Maternelle Moyenne Section (Sophie Duprey, Catherine Sautent, Gaëtan Duprey) Accès Éditions 2009-2018.

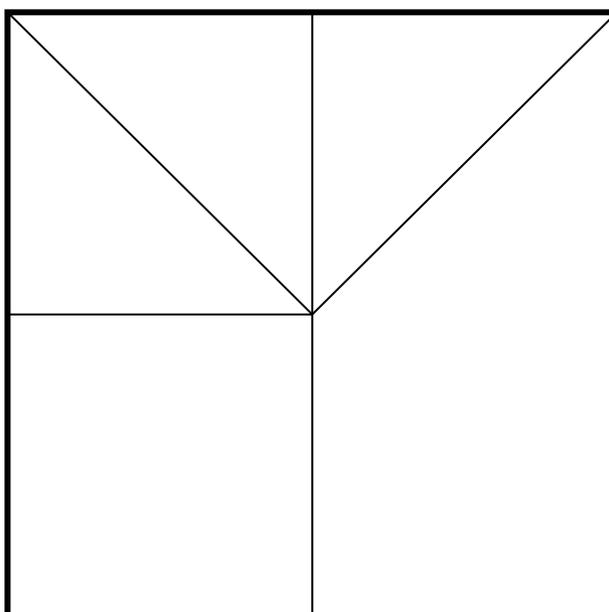

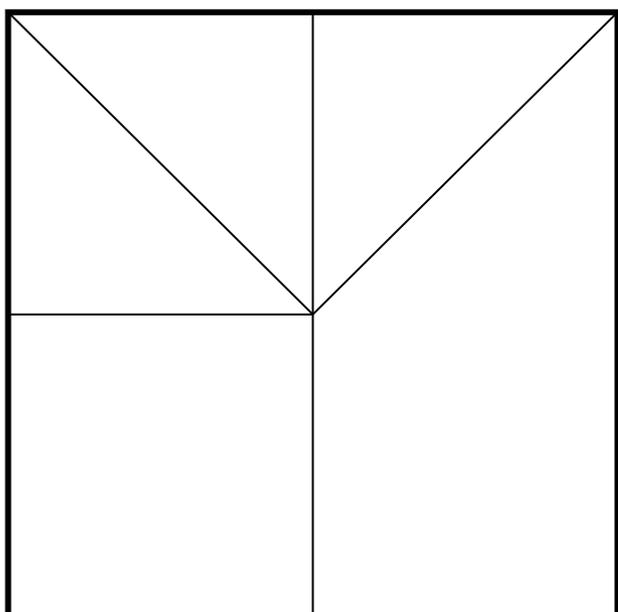

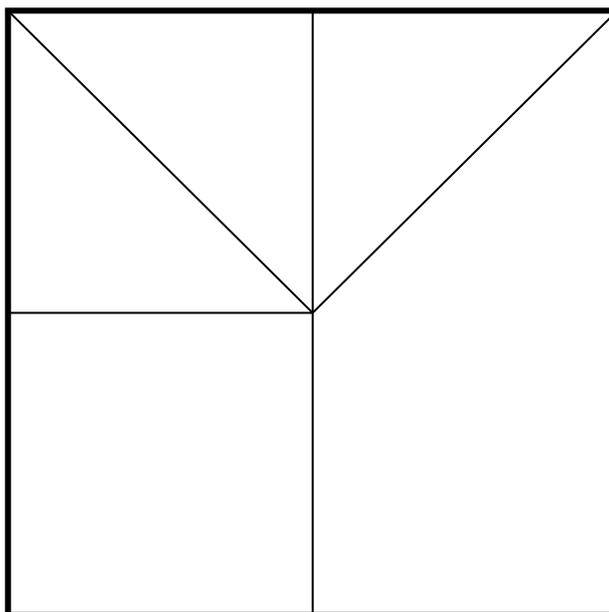

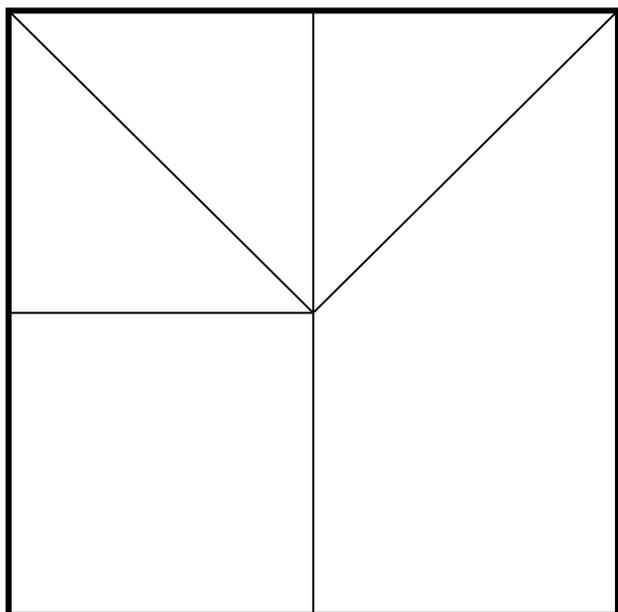

Ses pièces et les silhouettes réalisées font partie des formes étudiées pendant l'année.

Du fait de son utilisation dans cet ouvrage, de nombreux blogs d'enseignant-e-s l'évoquent.

En 2007-2008 et 2008-2009, des étudiant-e-s de l'IUFM de Lorraine l'ont utilisé pendant un temps de formation. L'objectif était de créer des silhouettes, d'en anticiper les difficultés rencontrées par les élèves qui auront à les reproduire. Leurs productions étaient à leur disposition sur l'ancien site de la régionale. En 2020, les documents ont été « modernisés » pour être de nouveau accessibles.

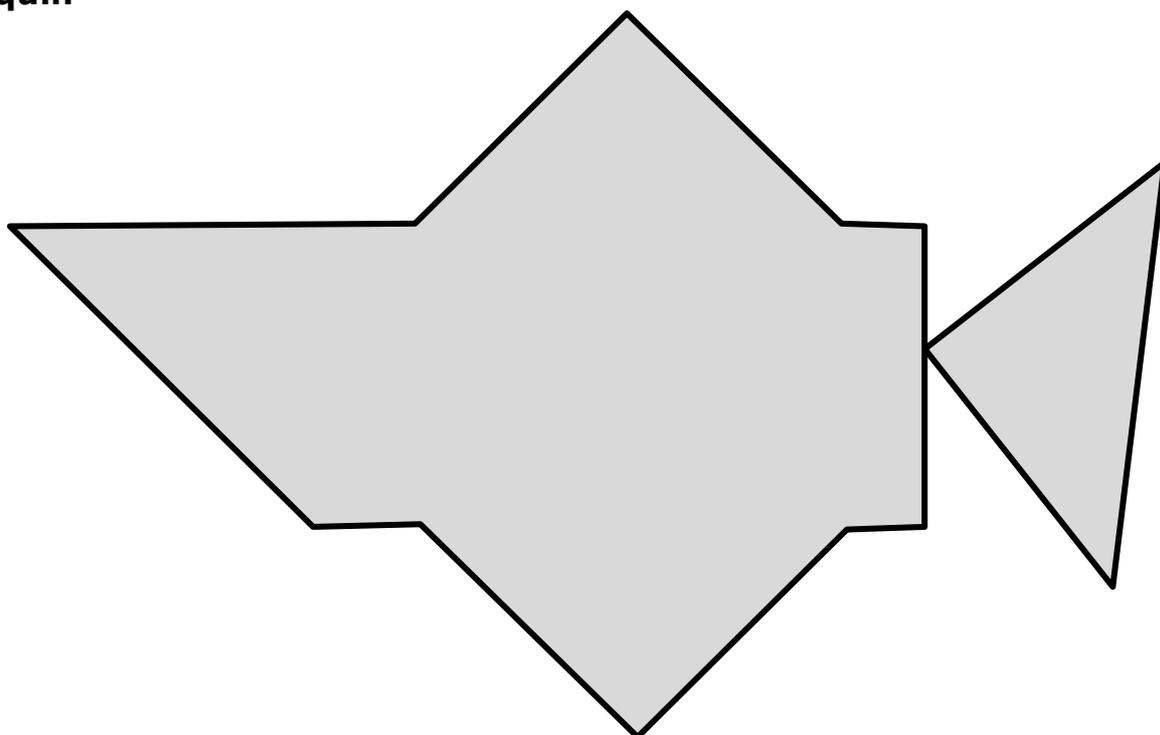

Cette partie 2 contient les créations de 2008-2009. Pages 3 à 33 se trouvent les pourtours, pages 34 à 65 se trouvent les dessins des pièces placées. Le tout est à l'échelle des pièces fournies page suivante.

Quatre exemplaires du puzzle

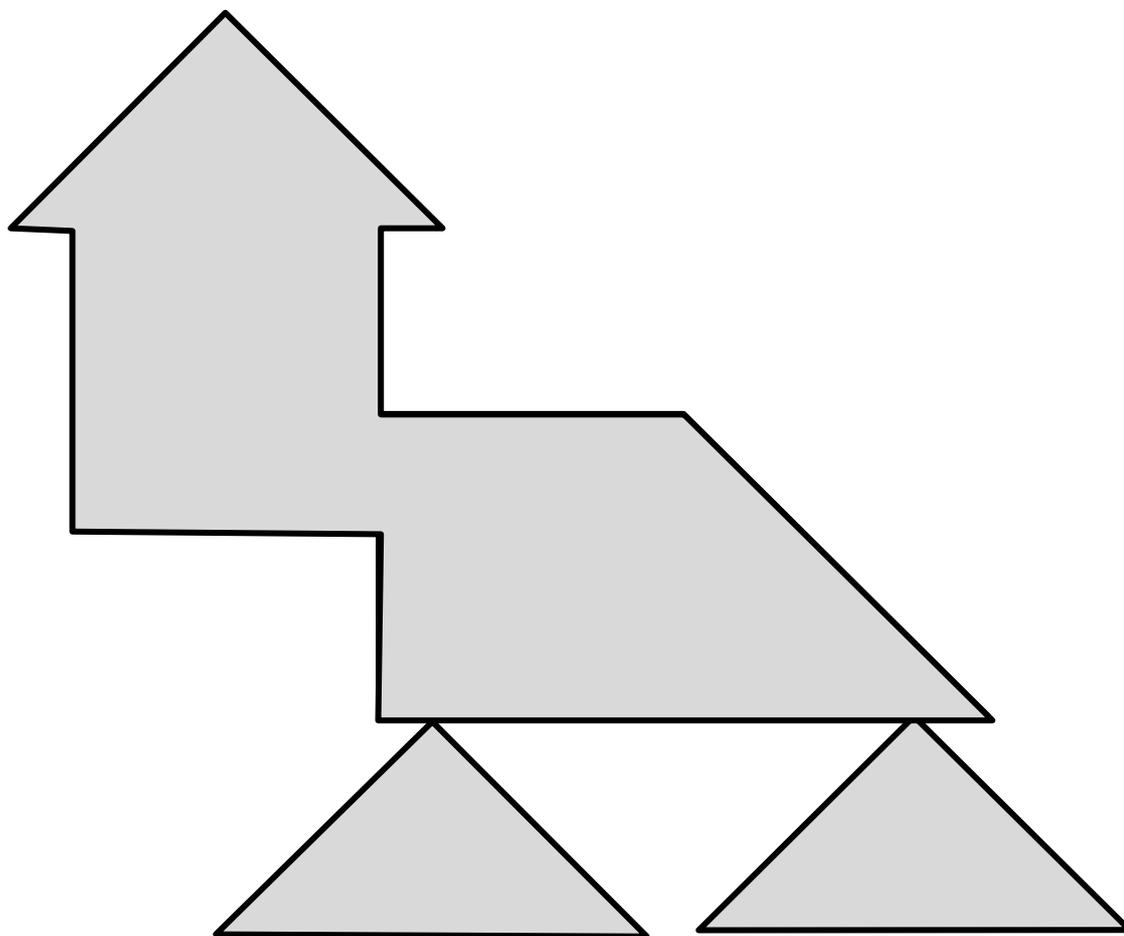

Les formes à construire imaginées en 2008-2009

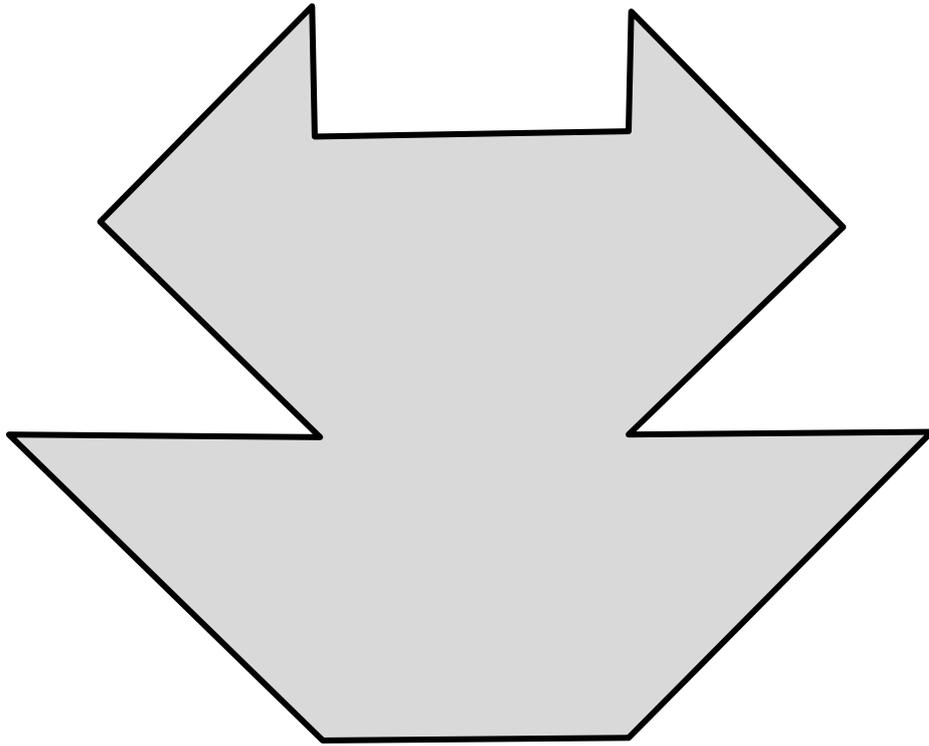

Le requin

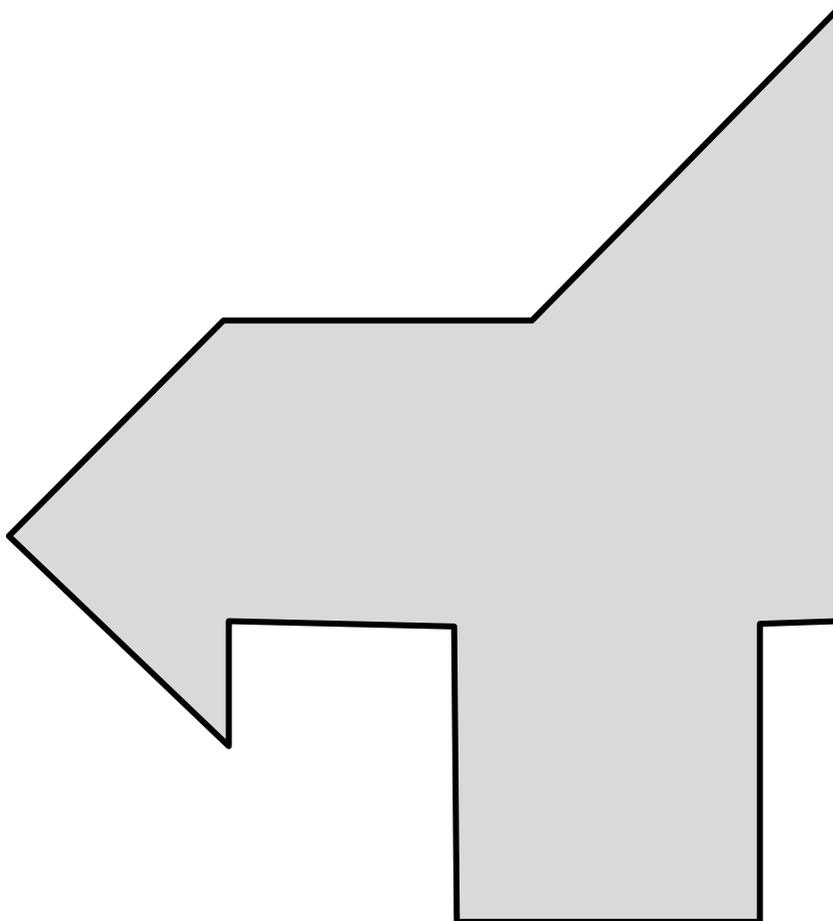

Franklin la tortue

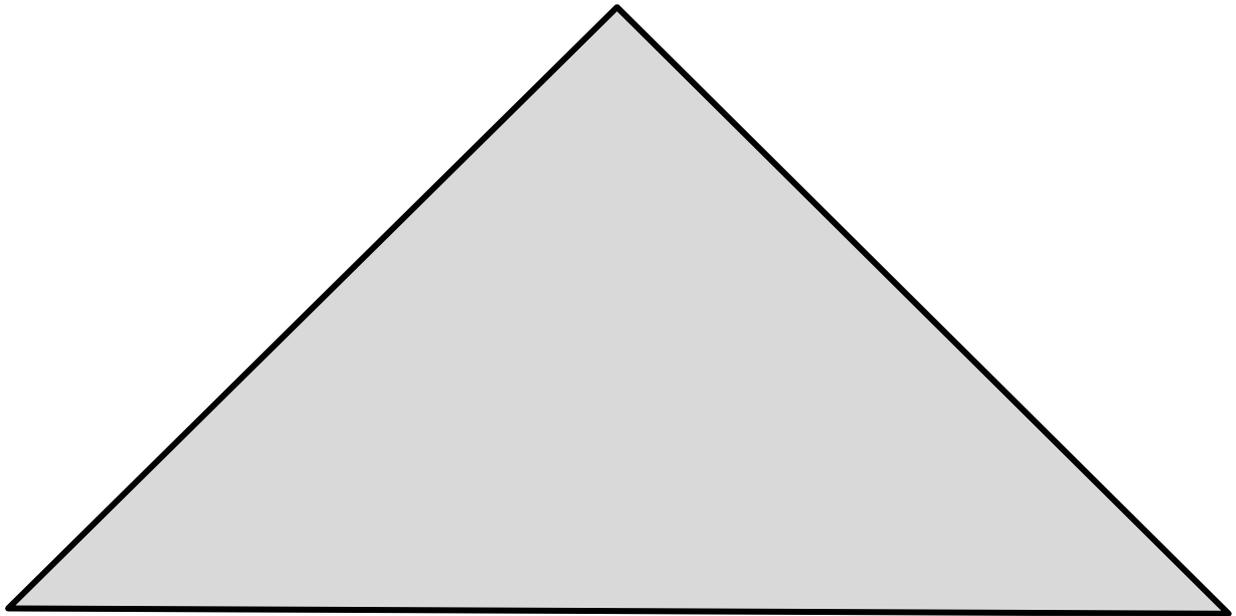

Le koala

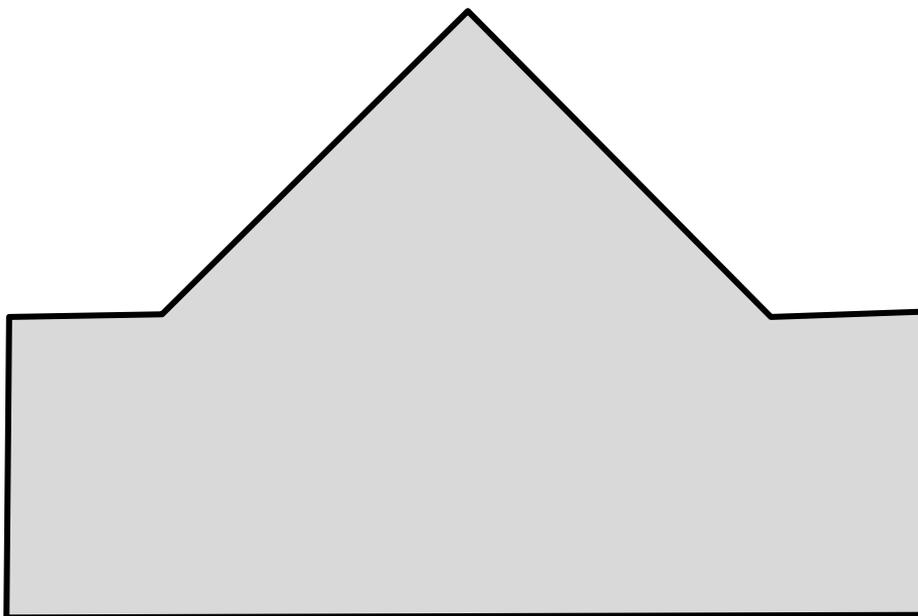

La poule

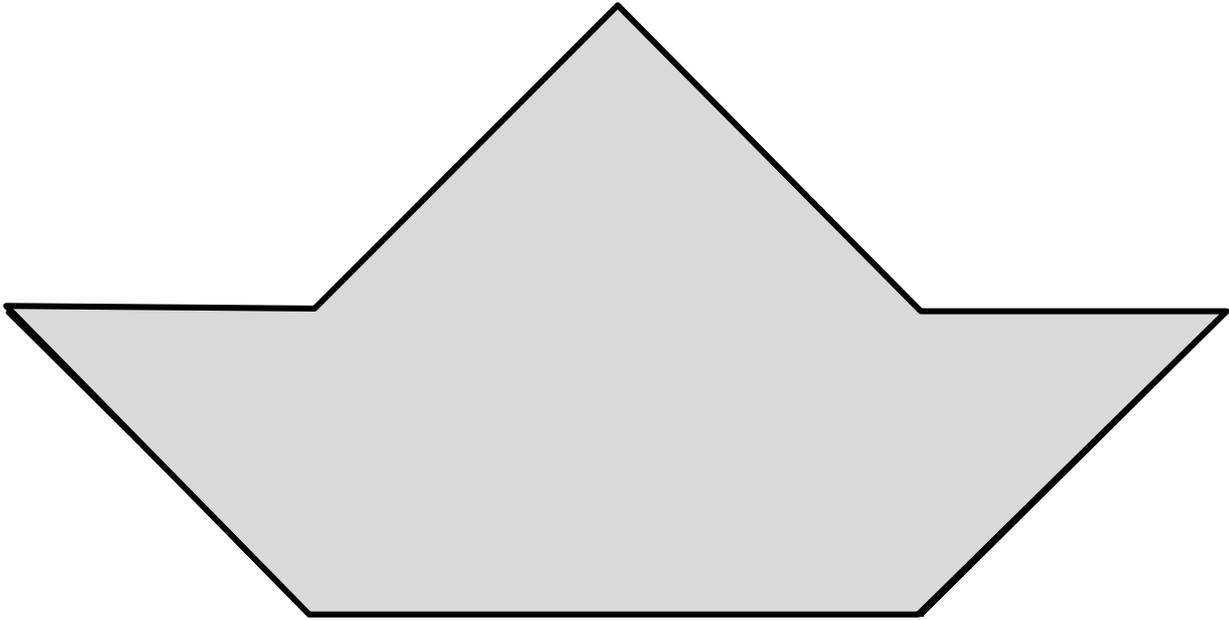

Le triangle

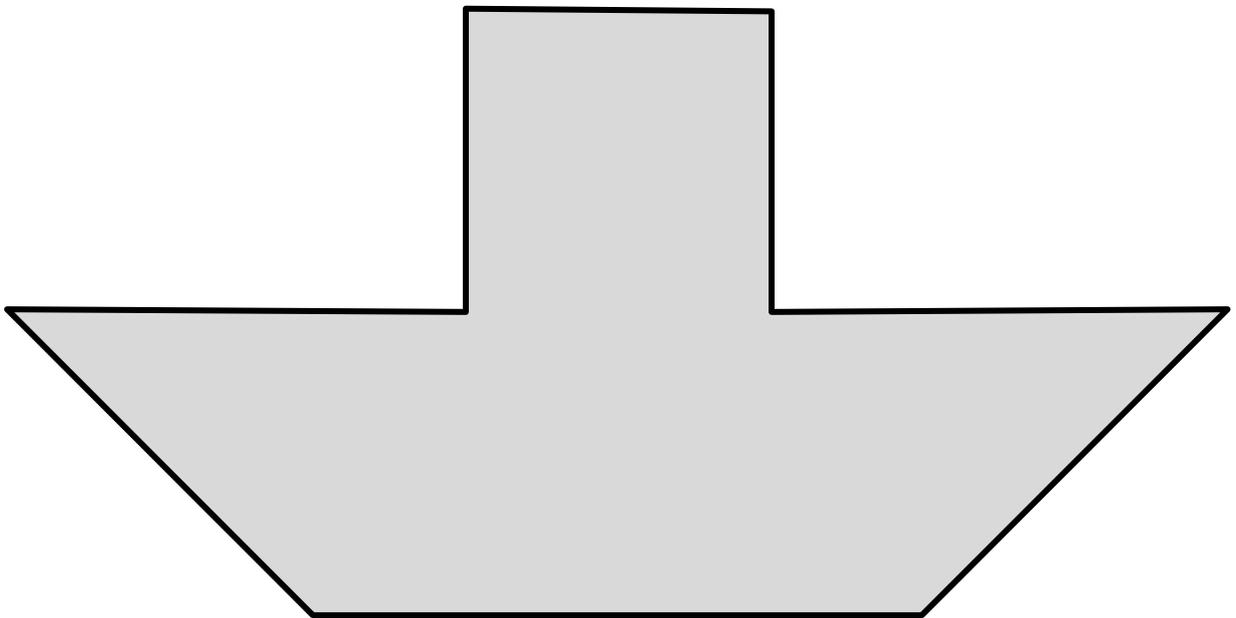

Le bateau (1)

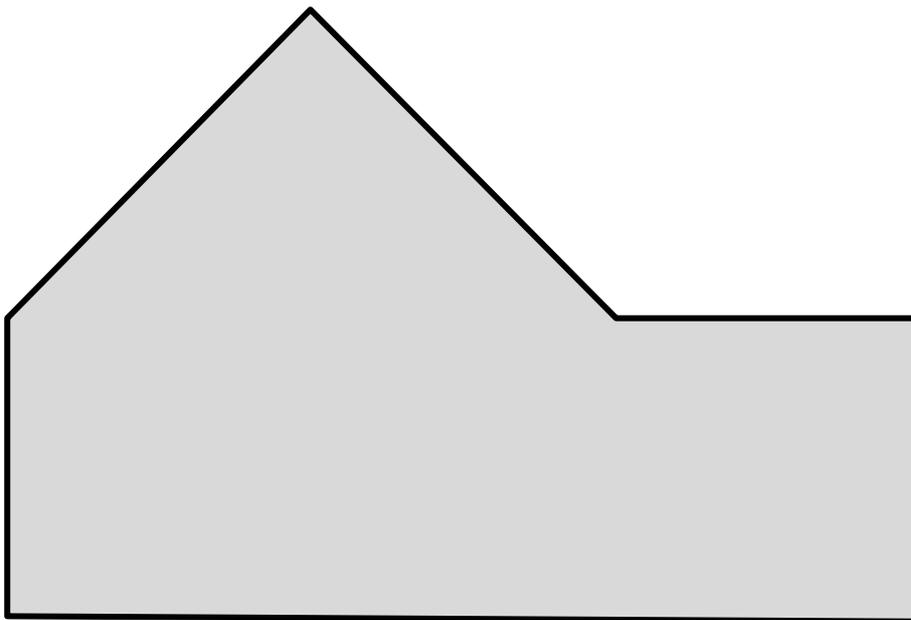

Le bateau (2)

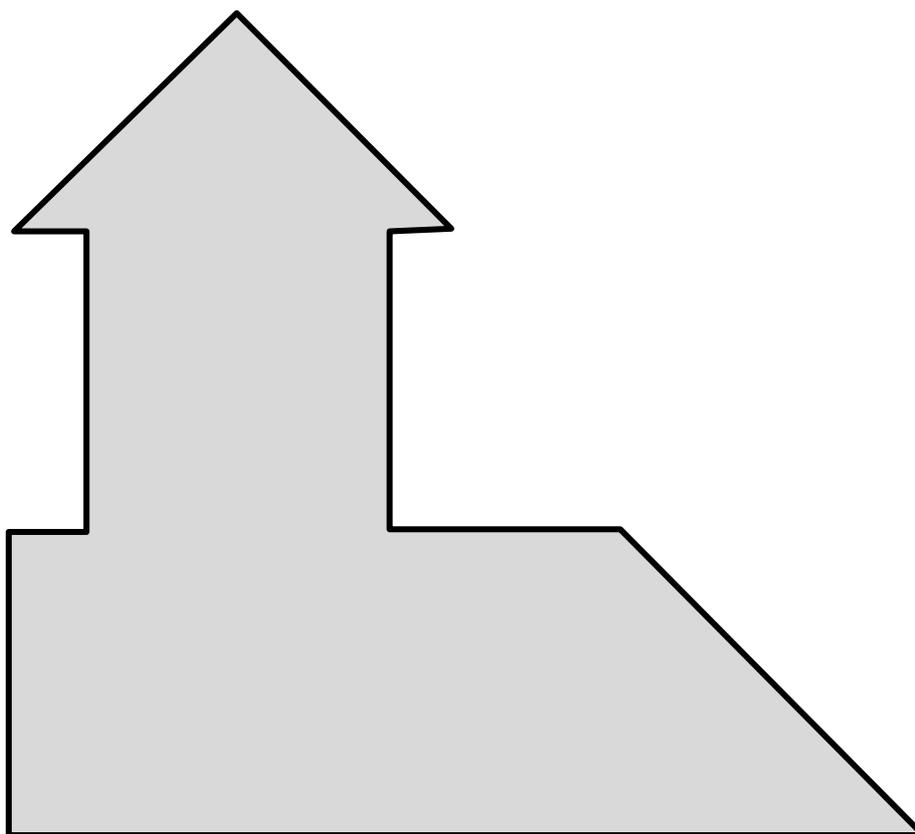

Le bateau (3)

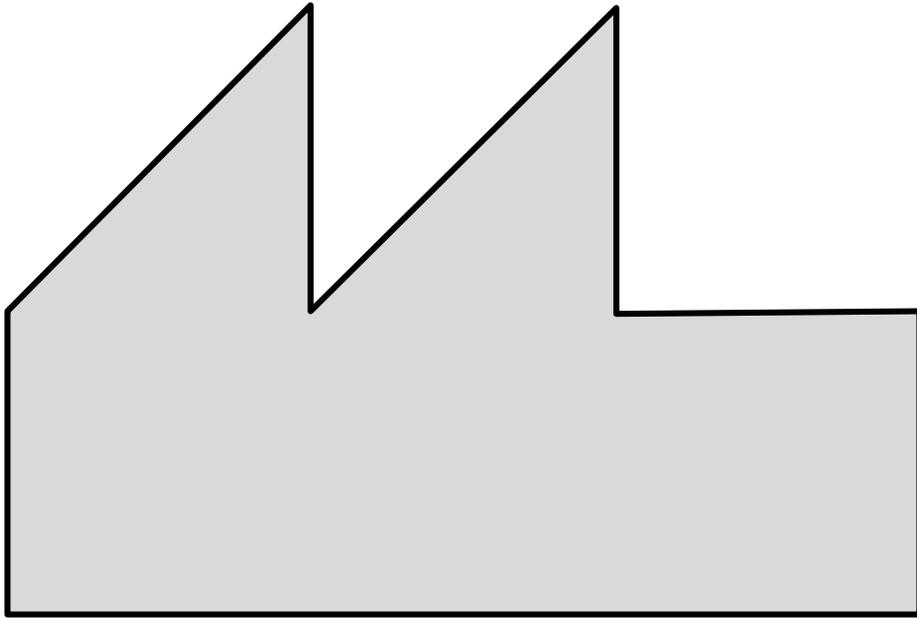

La maison et le garage

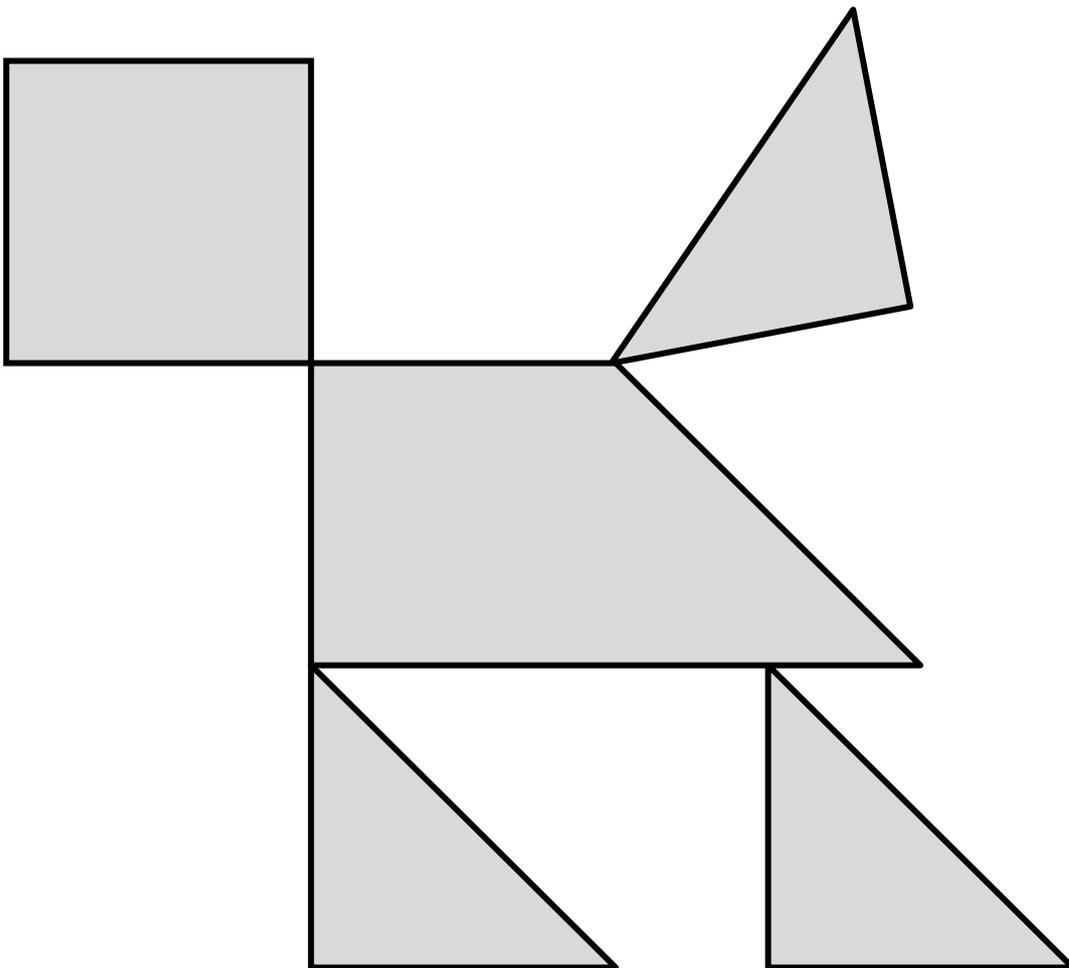

L'église

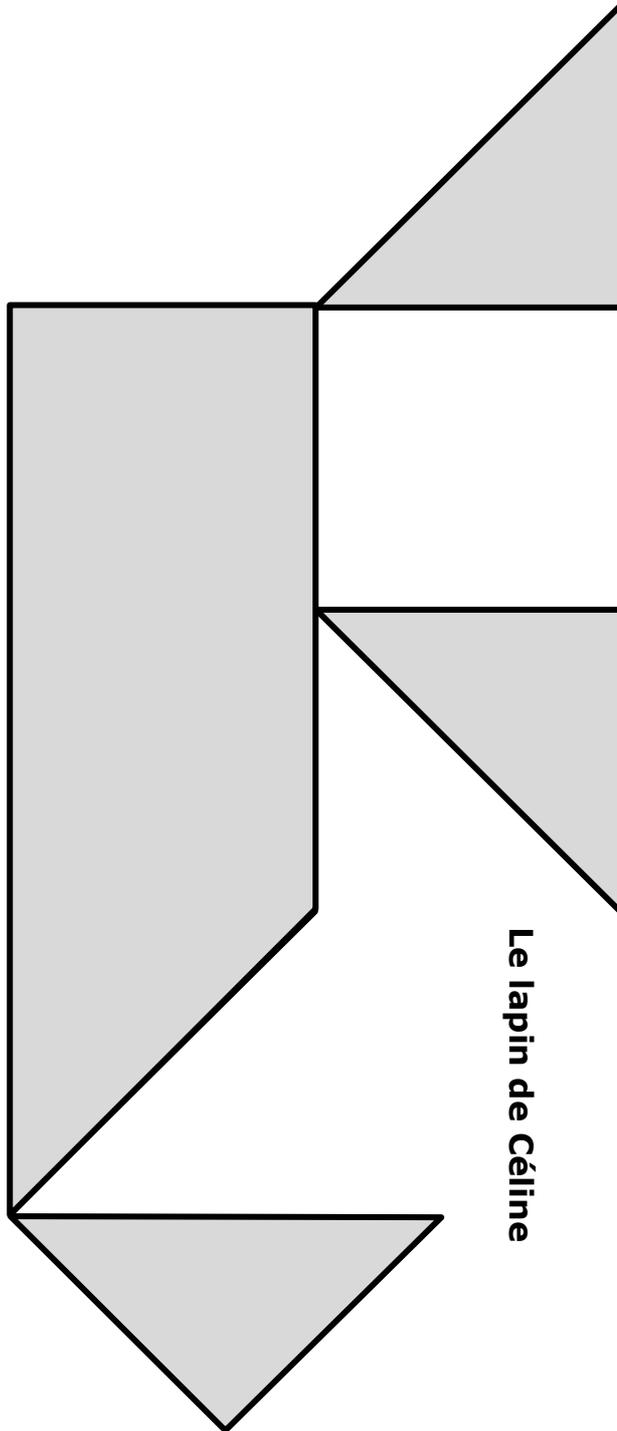

L'usine

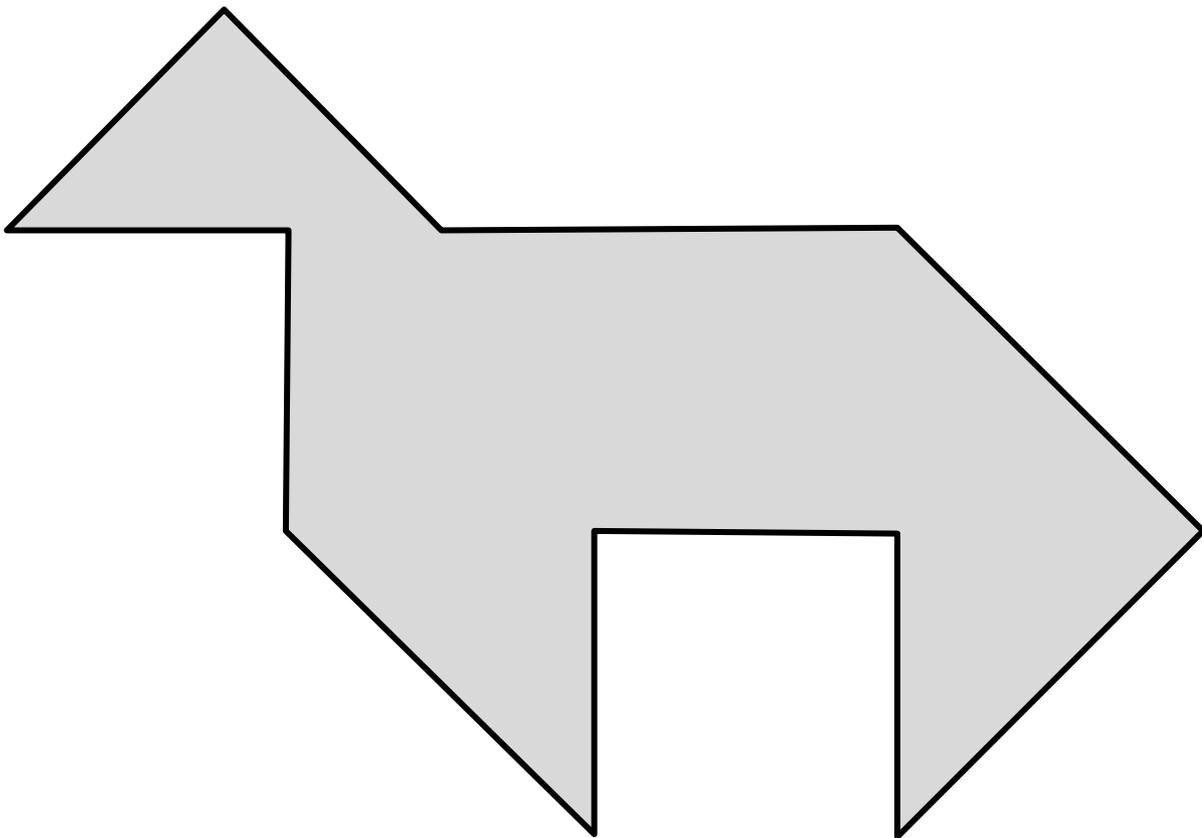

Le caniche

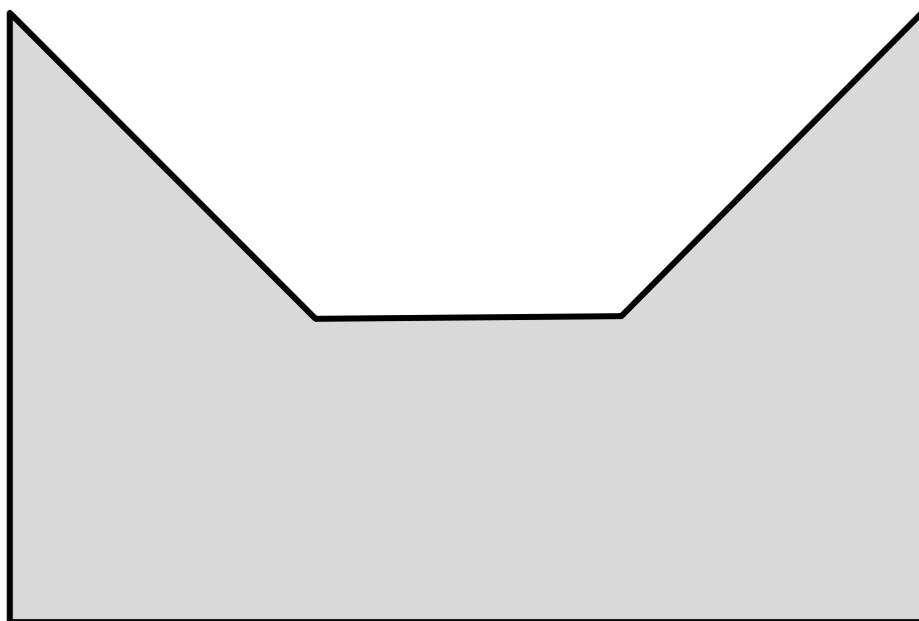

Le lapin de Céline

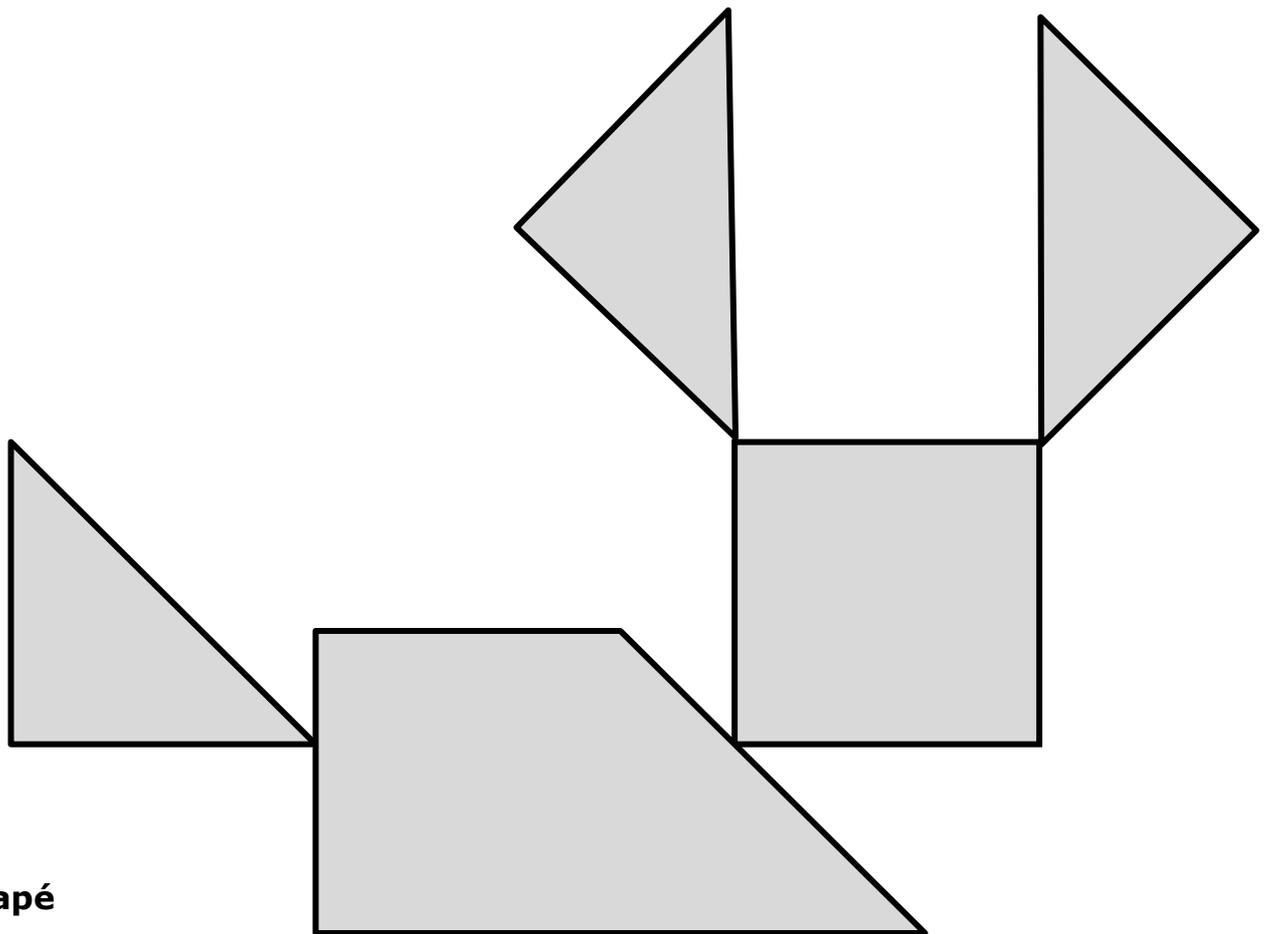

Le loup

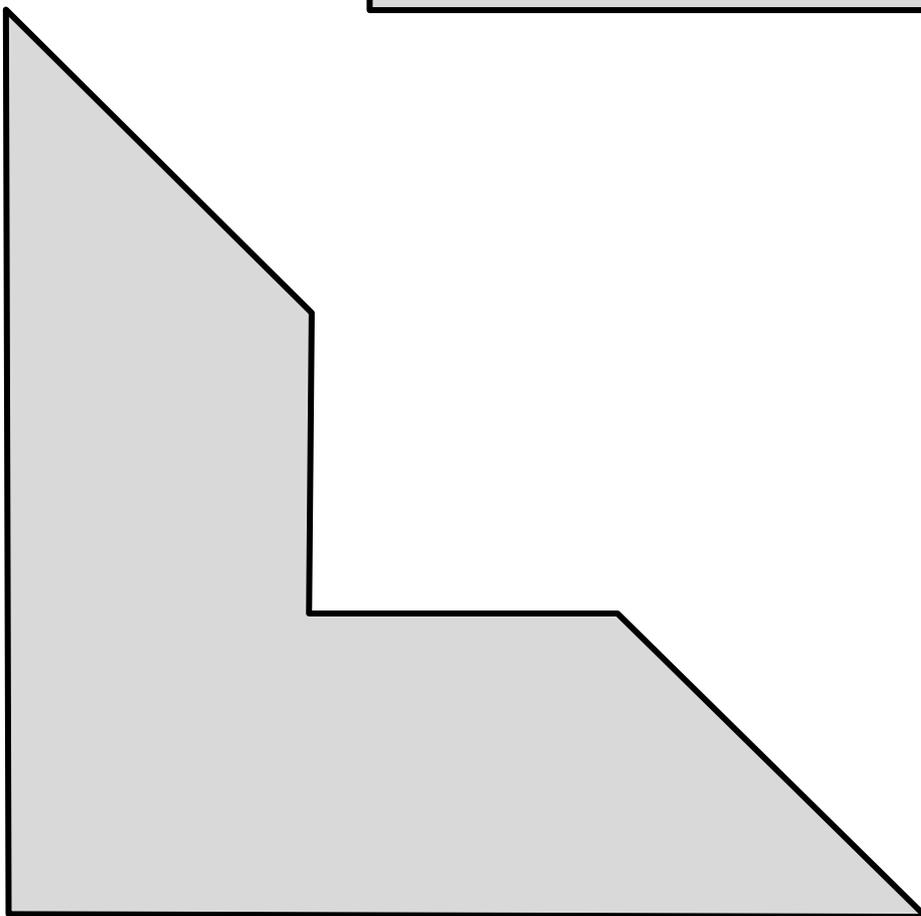

Les oreilles de chat

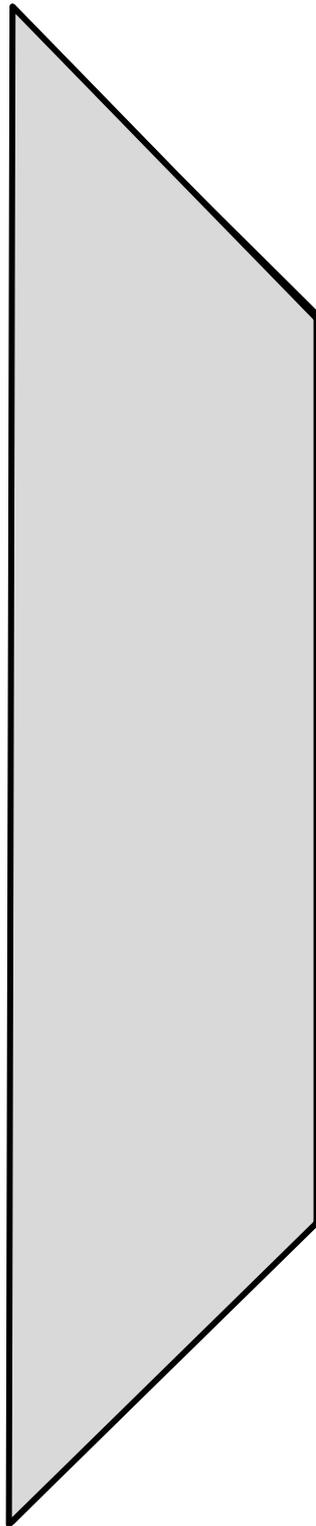

Le lapin

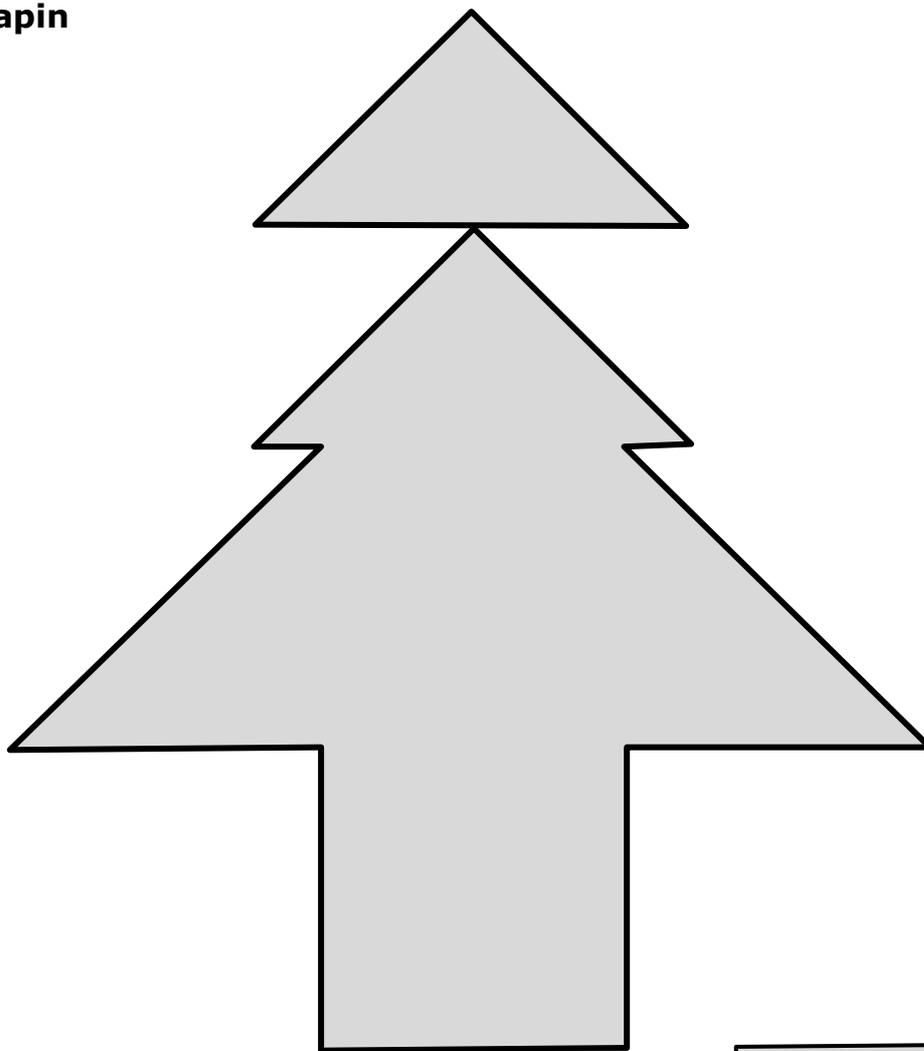

Le canapé

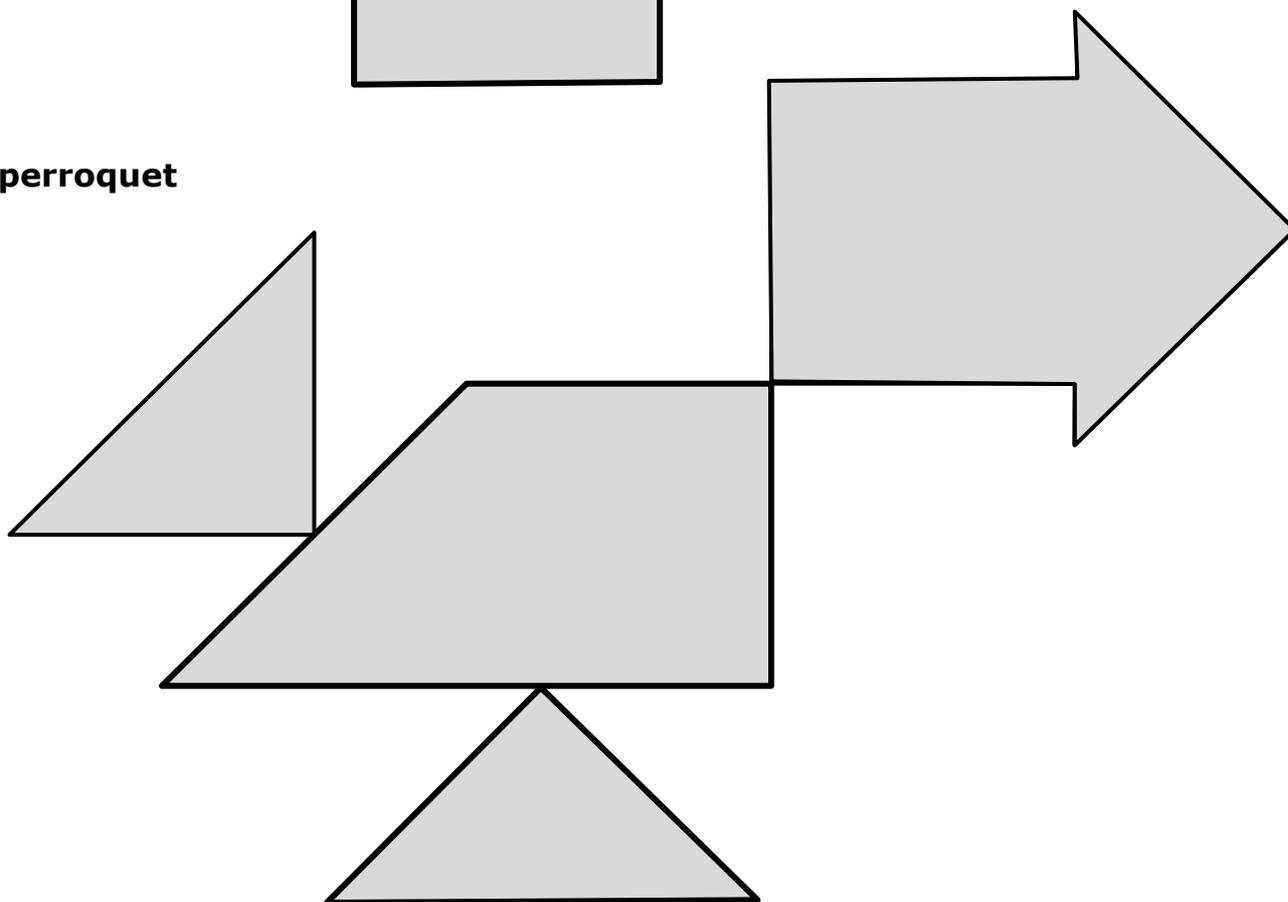

Un TGV

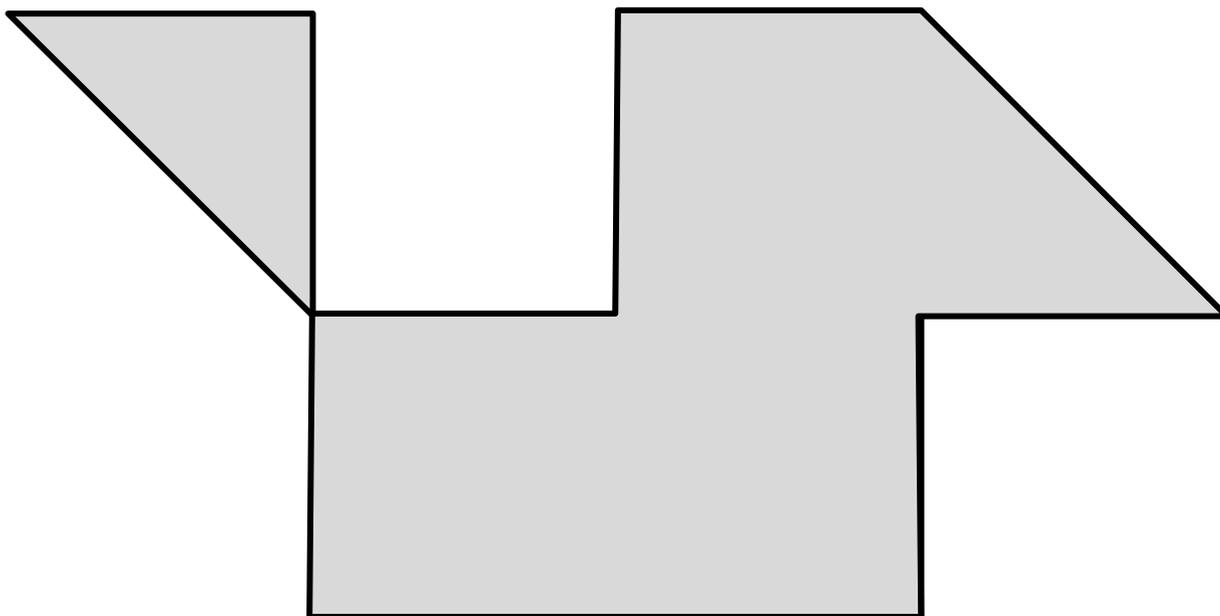

Un sapin

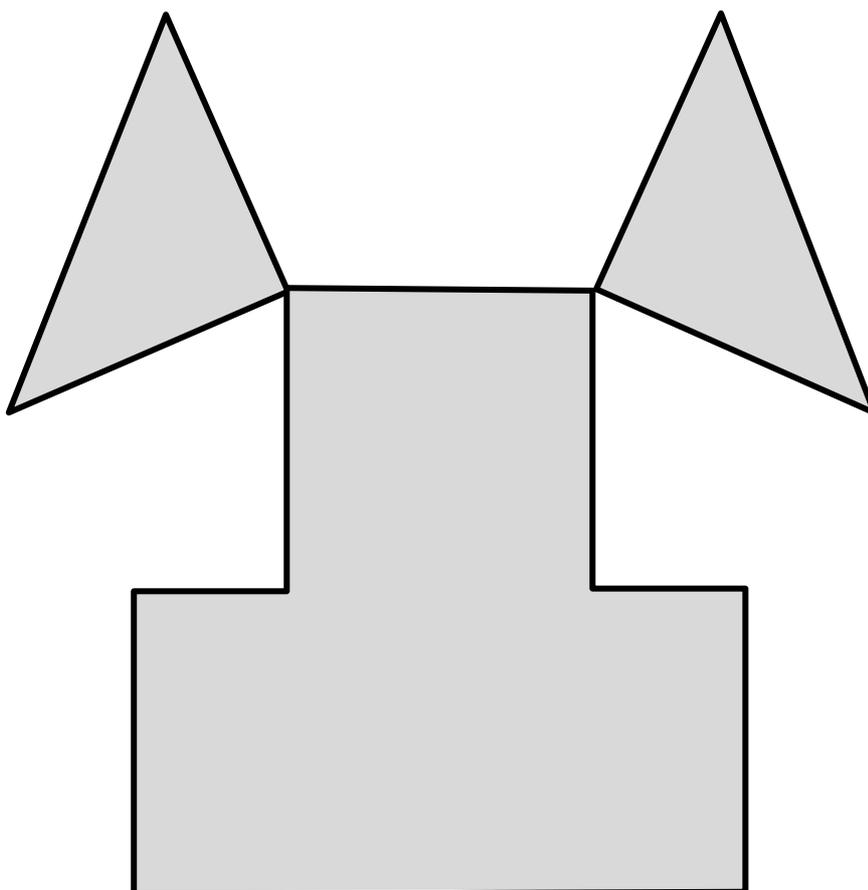

Le perroquet

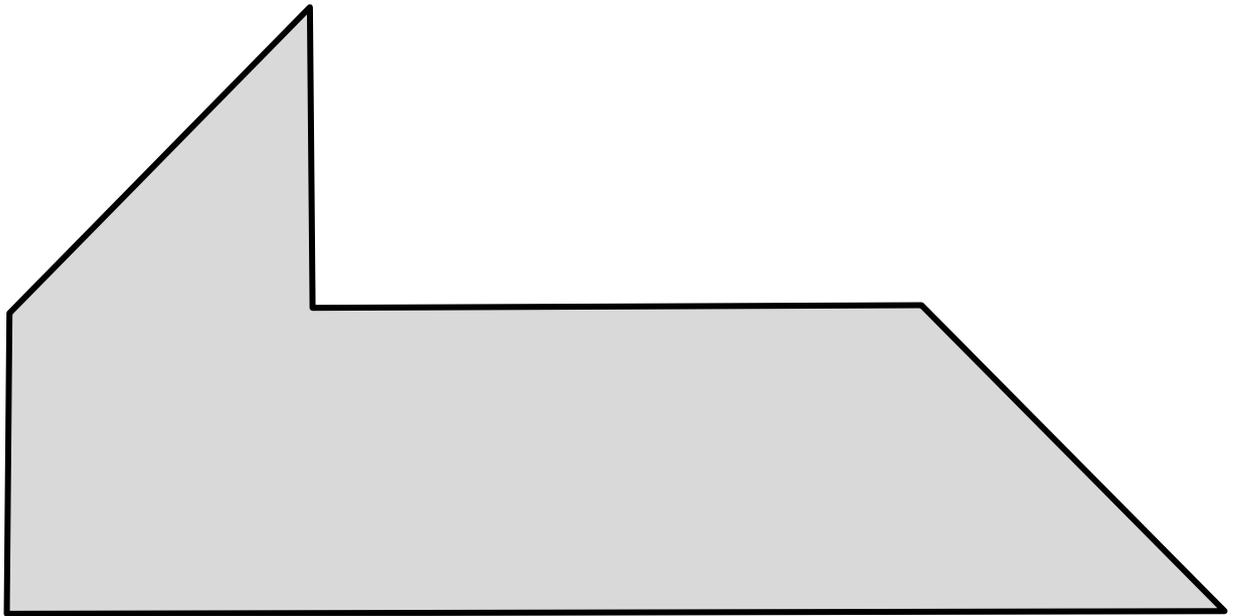

La poule

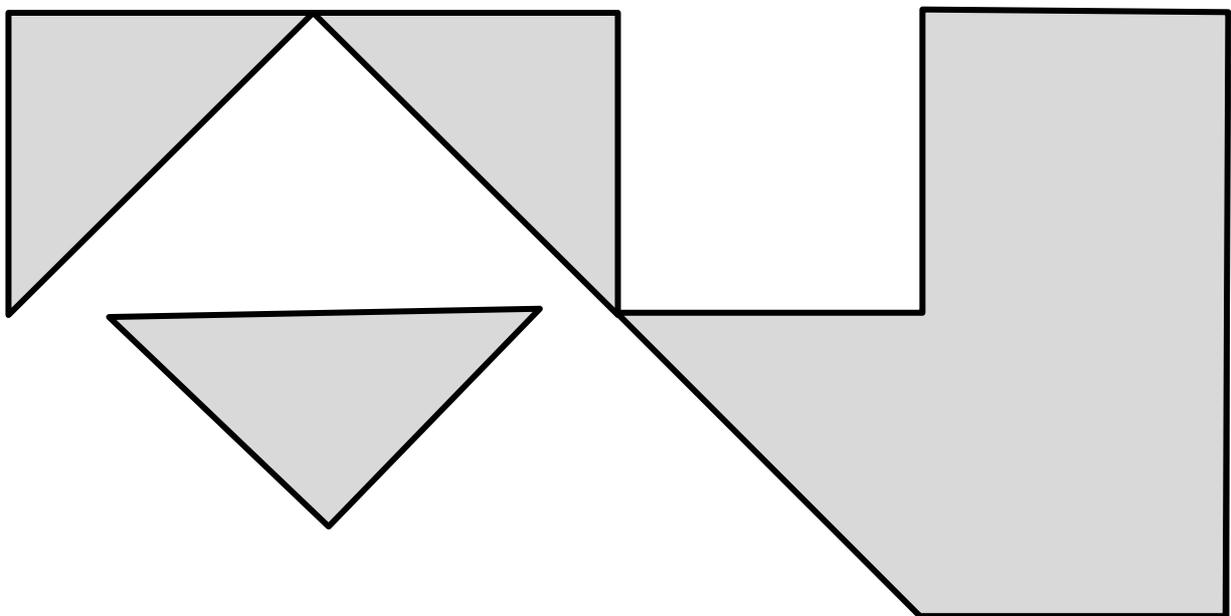

Le taureau

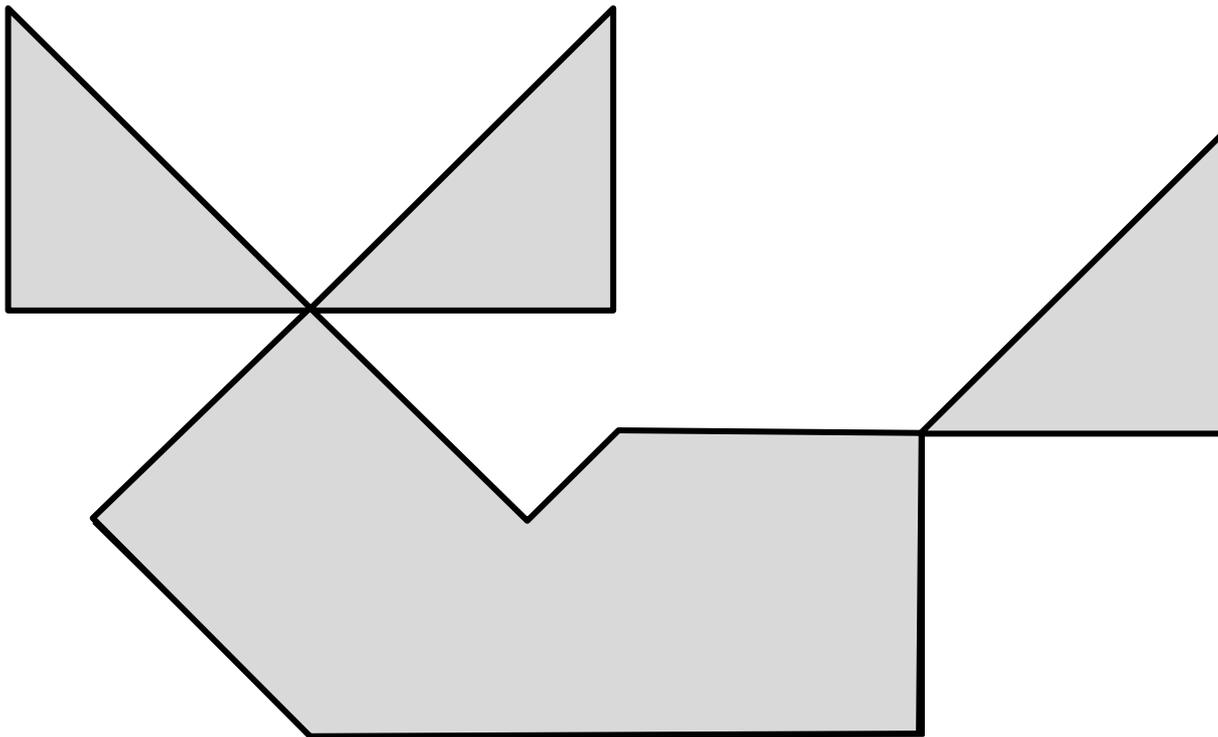

L'usine

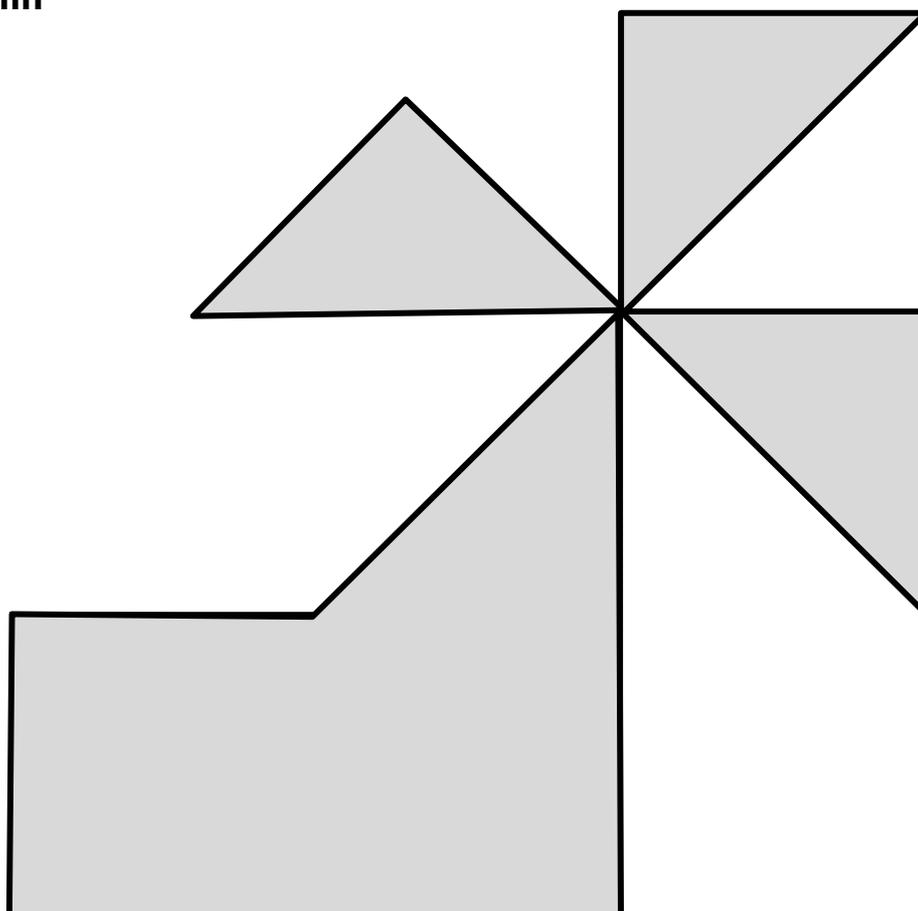

Le chien

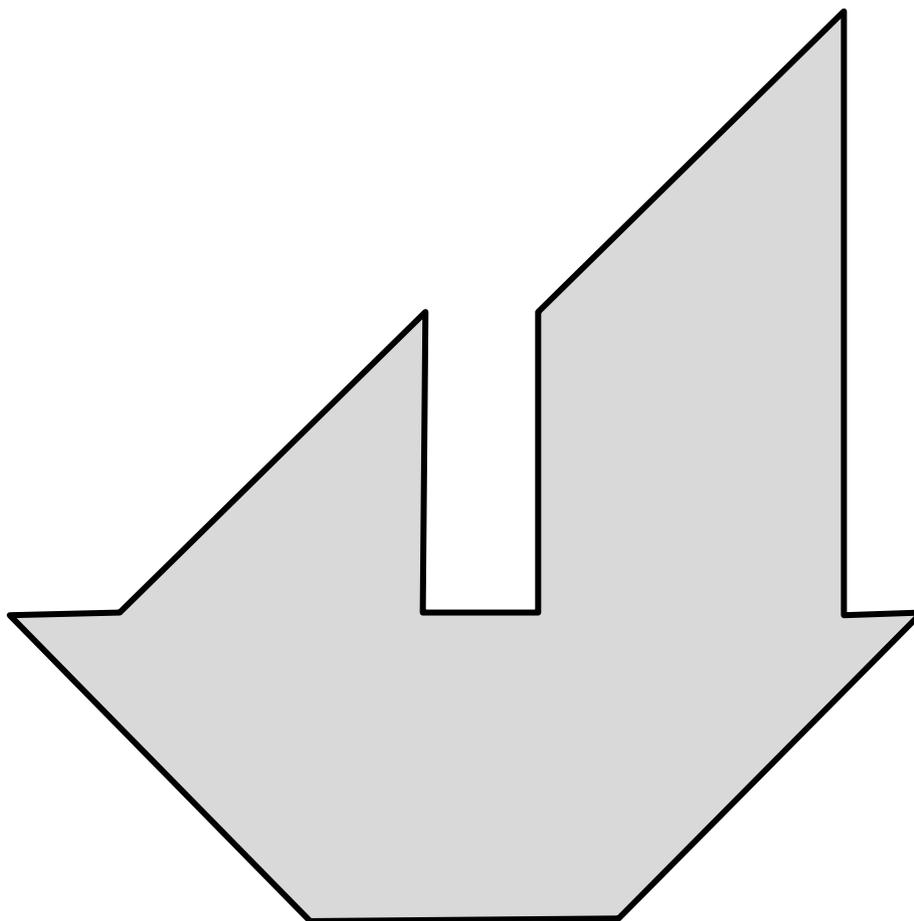

Le cerf

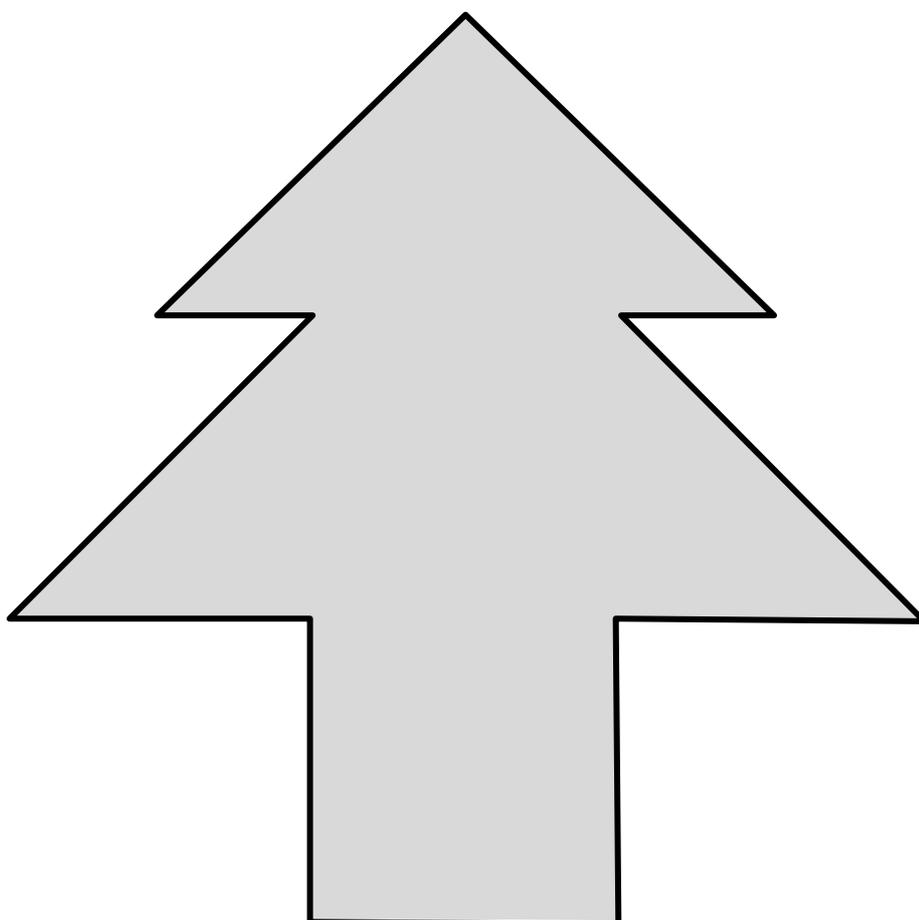

Le moulin

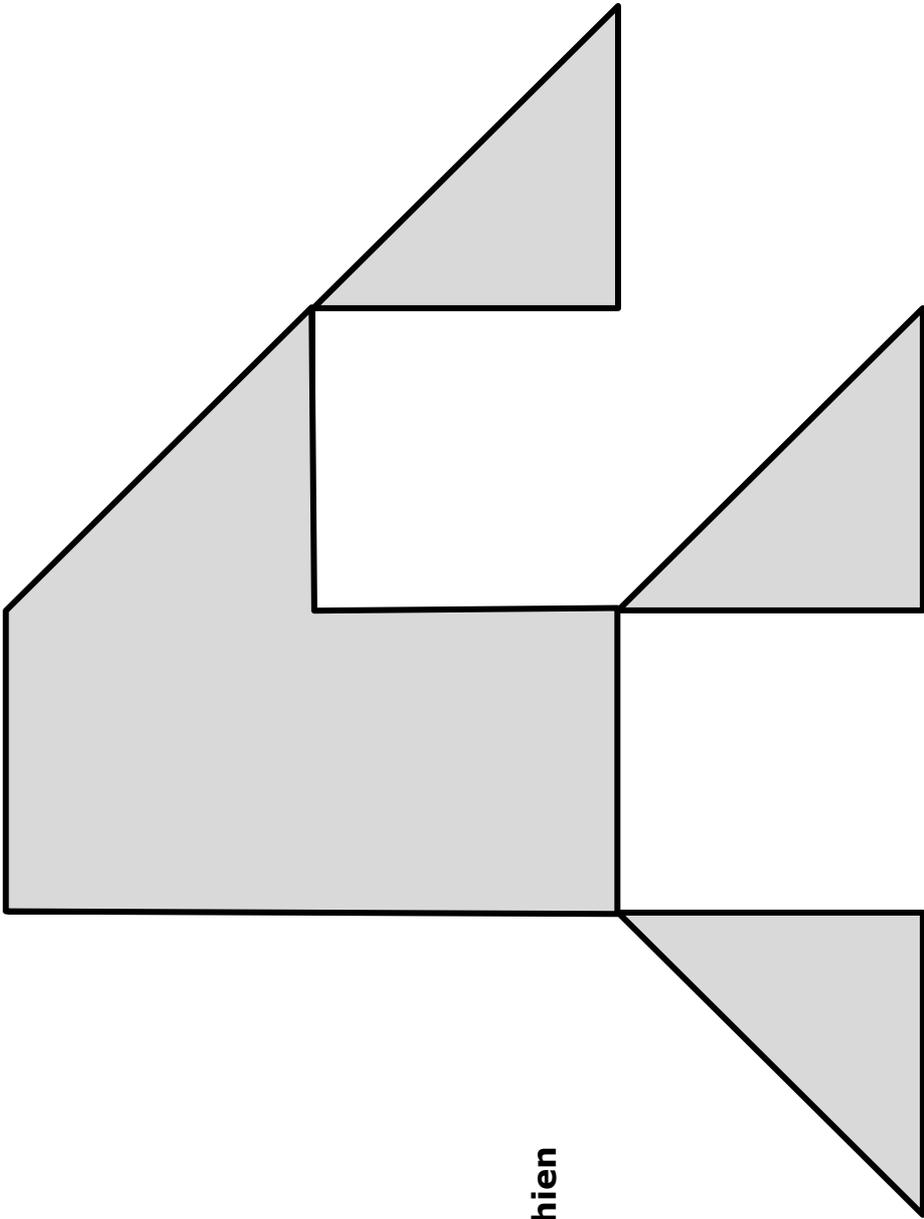

Un bateau

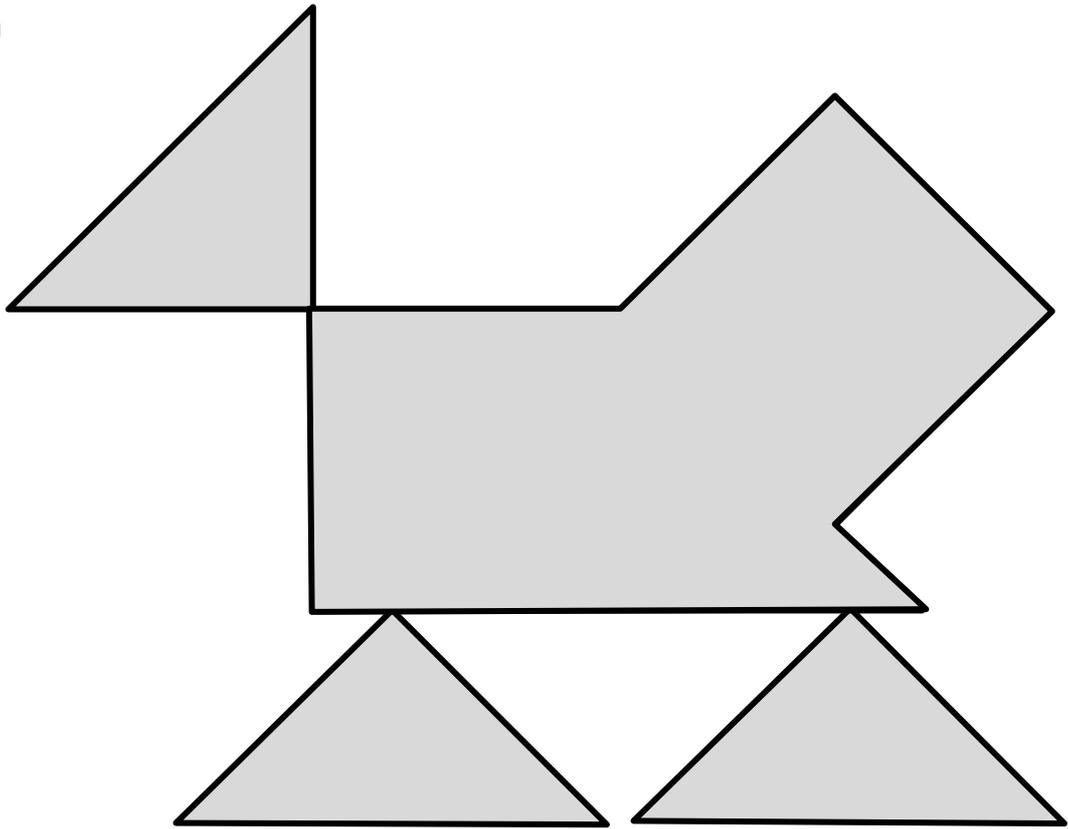

Un sapin

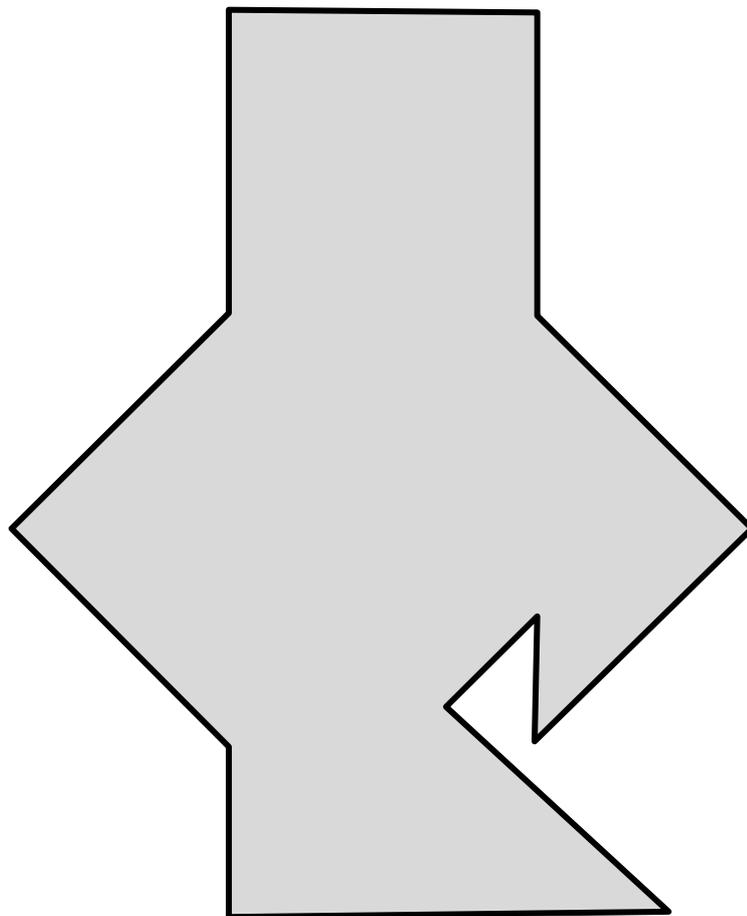

Un chien

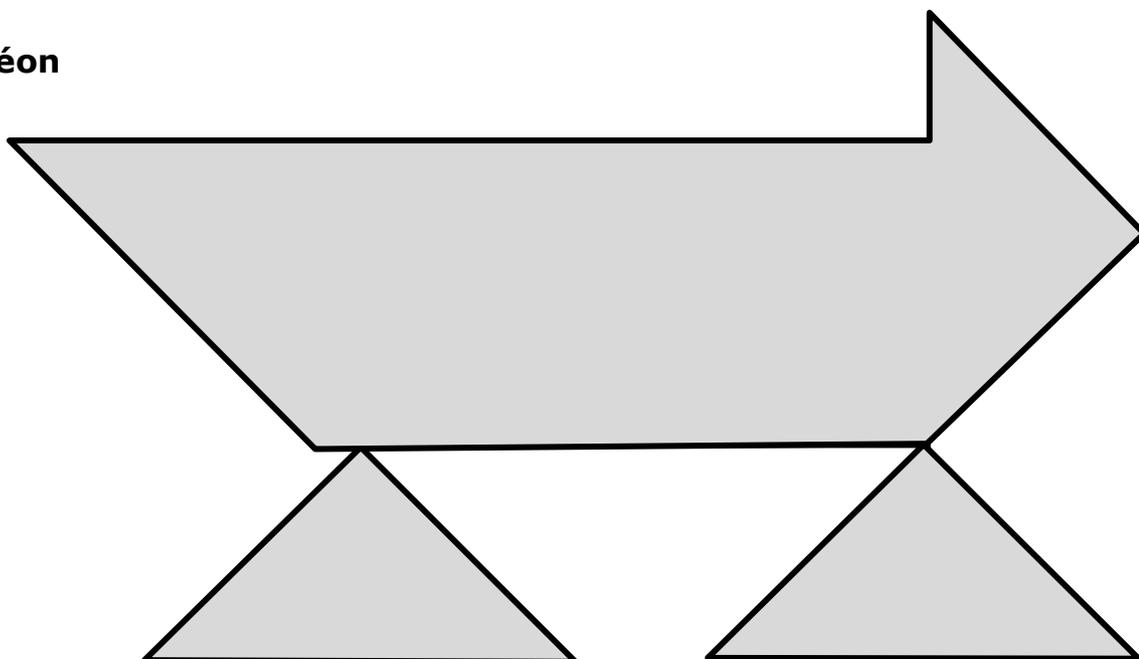

Un chien

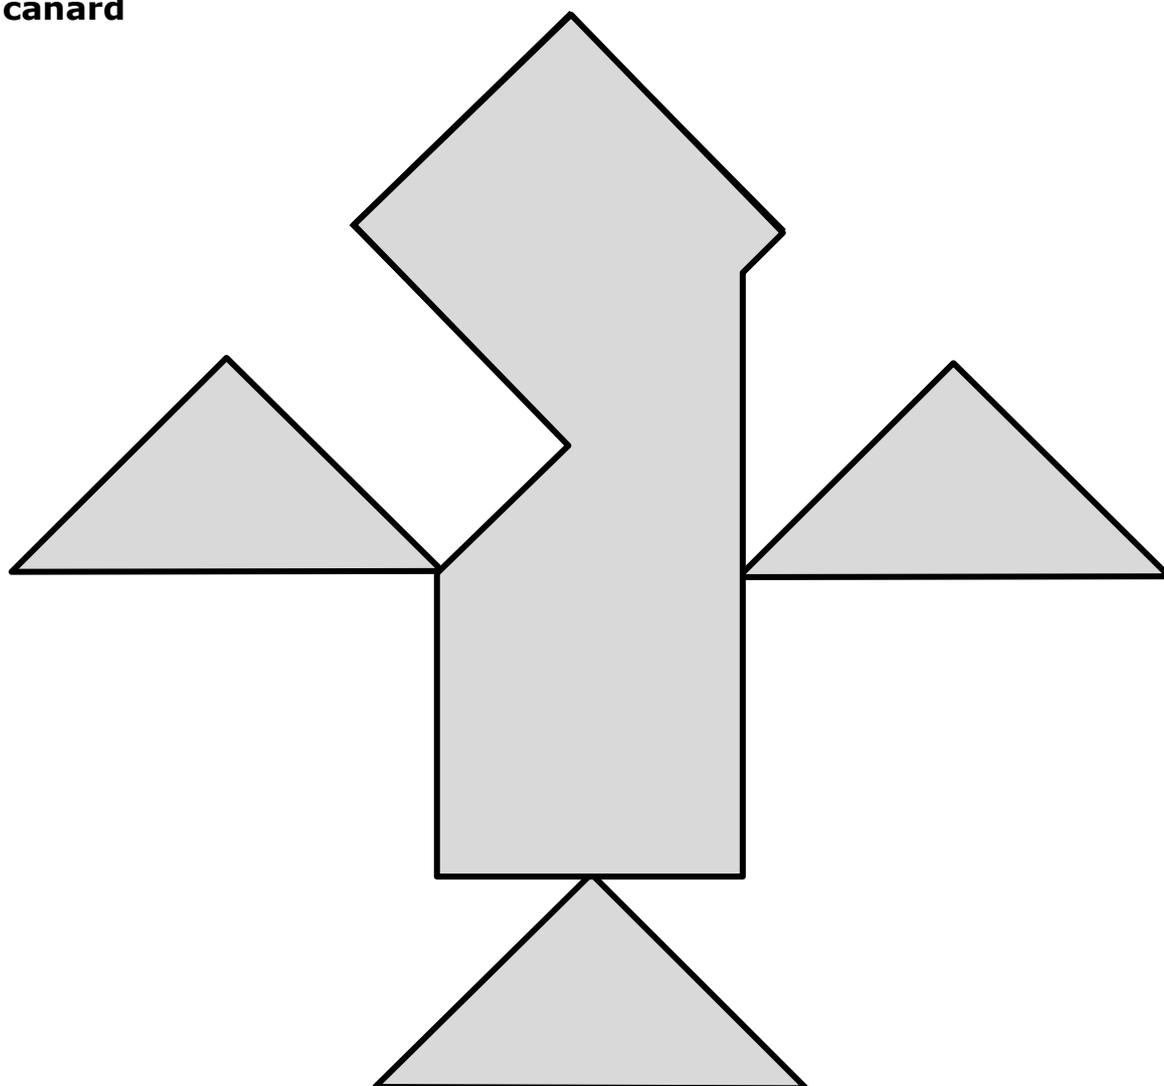

Hugo le robot

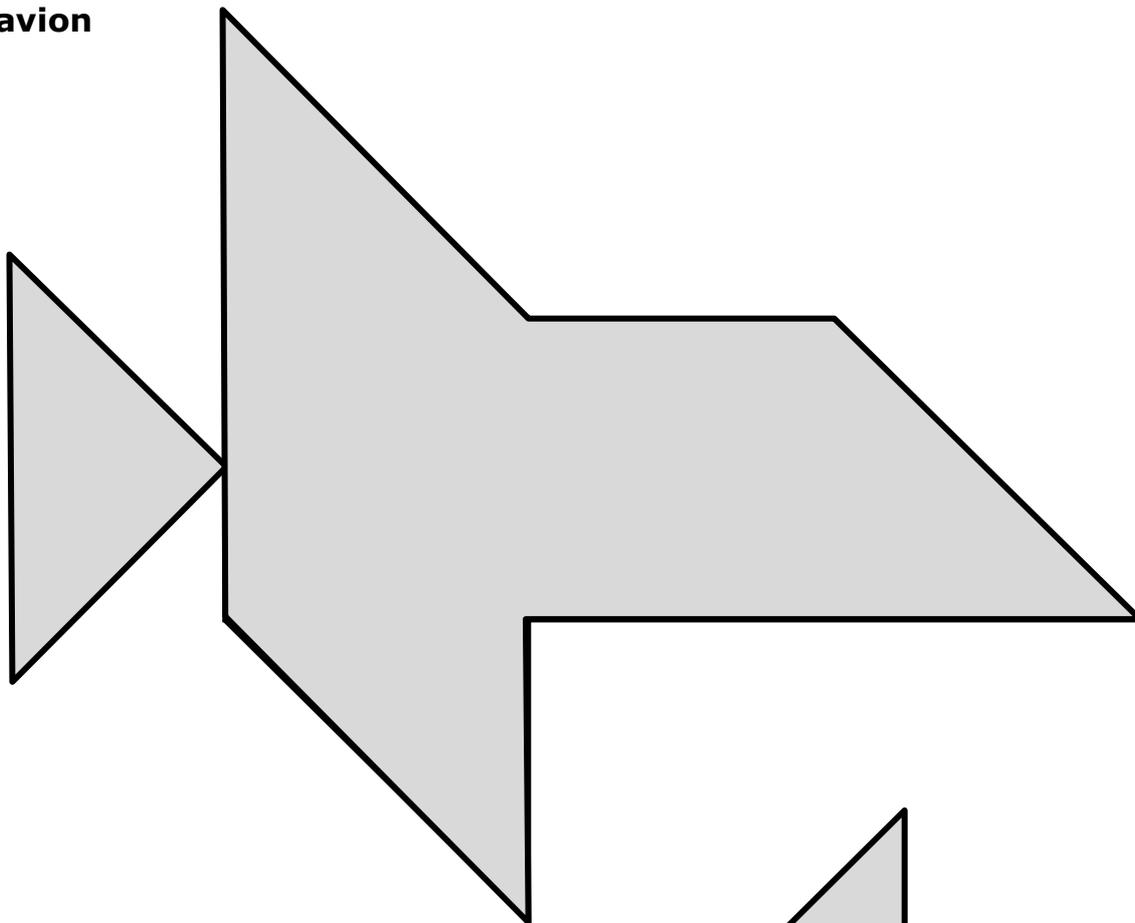

Le caméléon

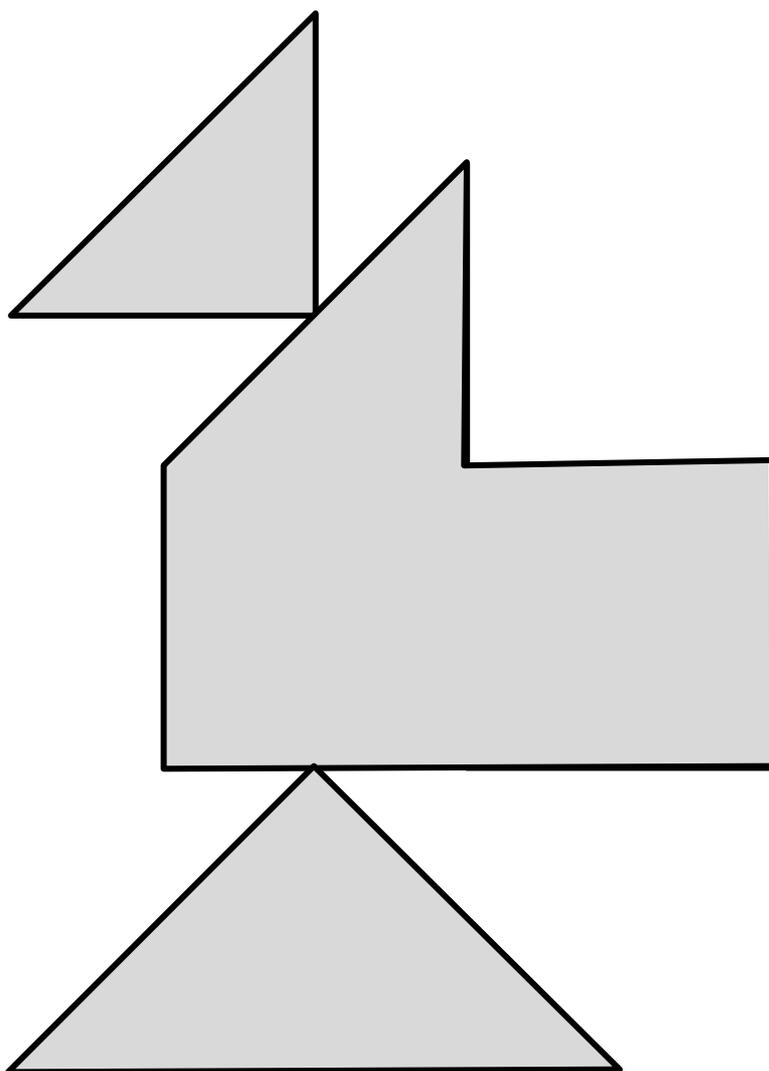

L'envol du canard

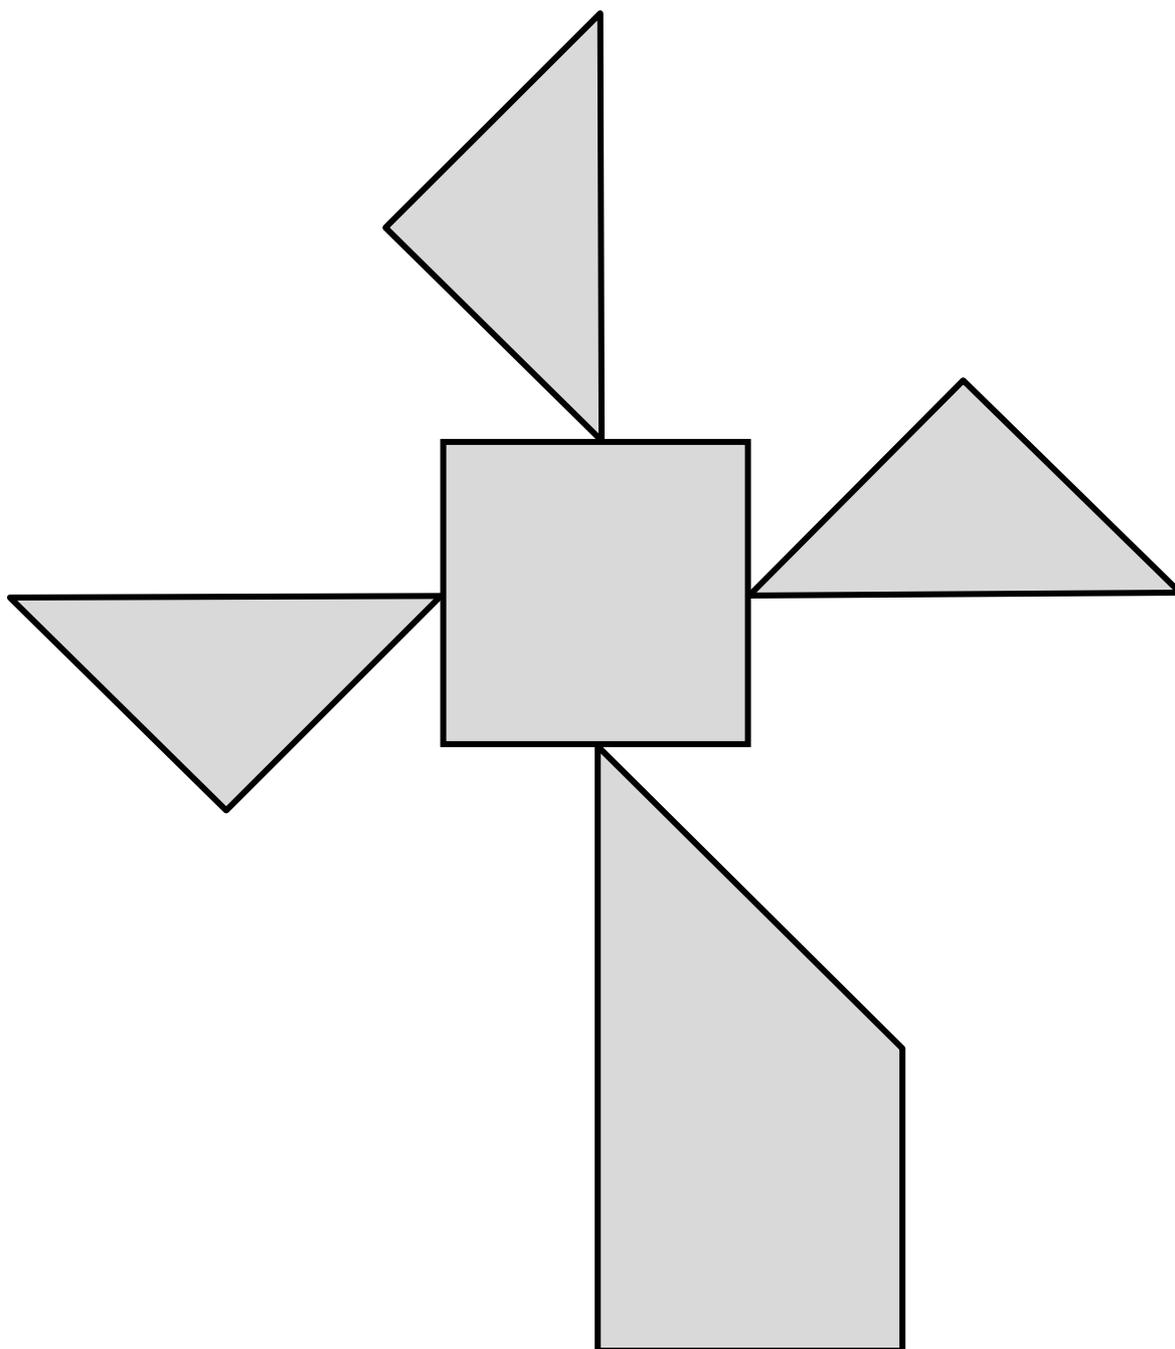

L'avion

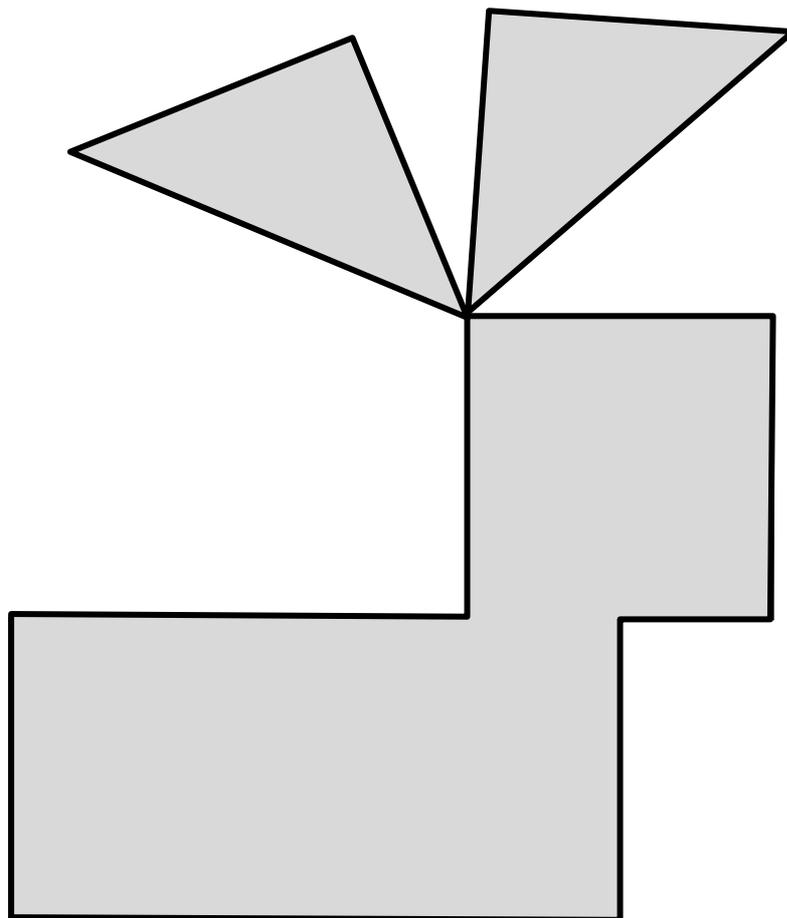

L'oiseau

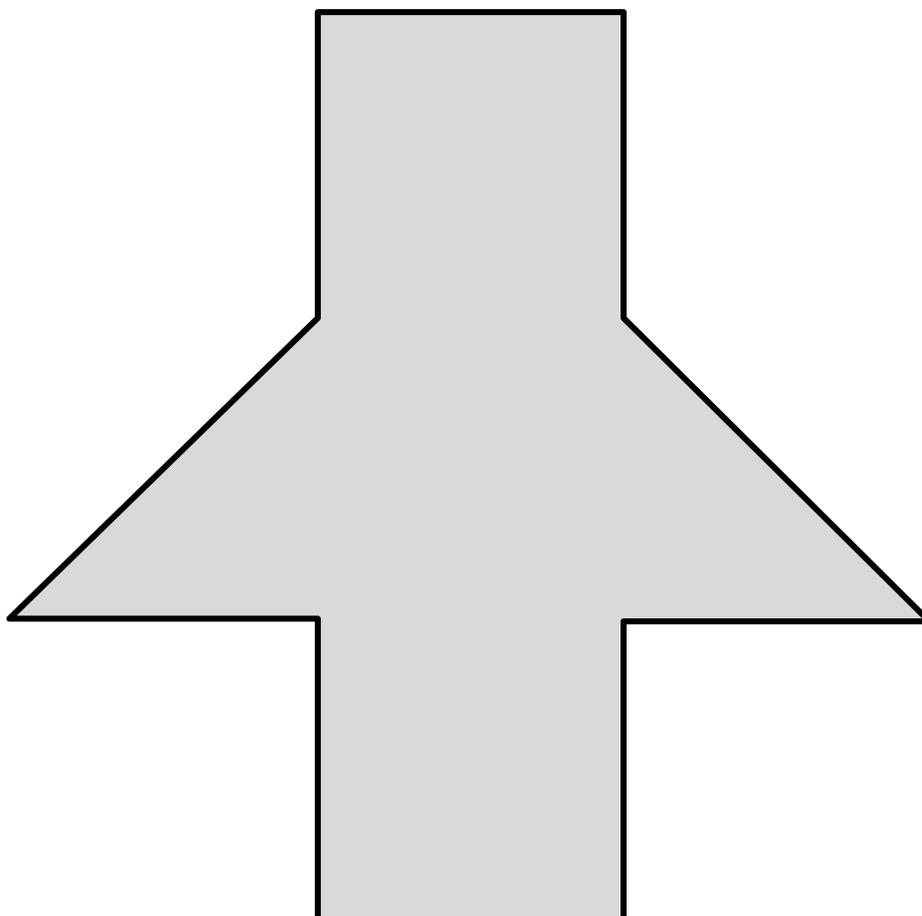

L'éolienne

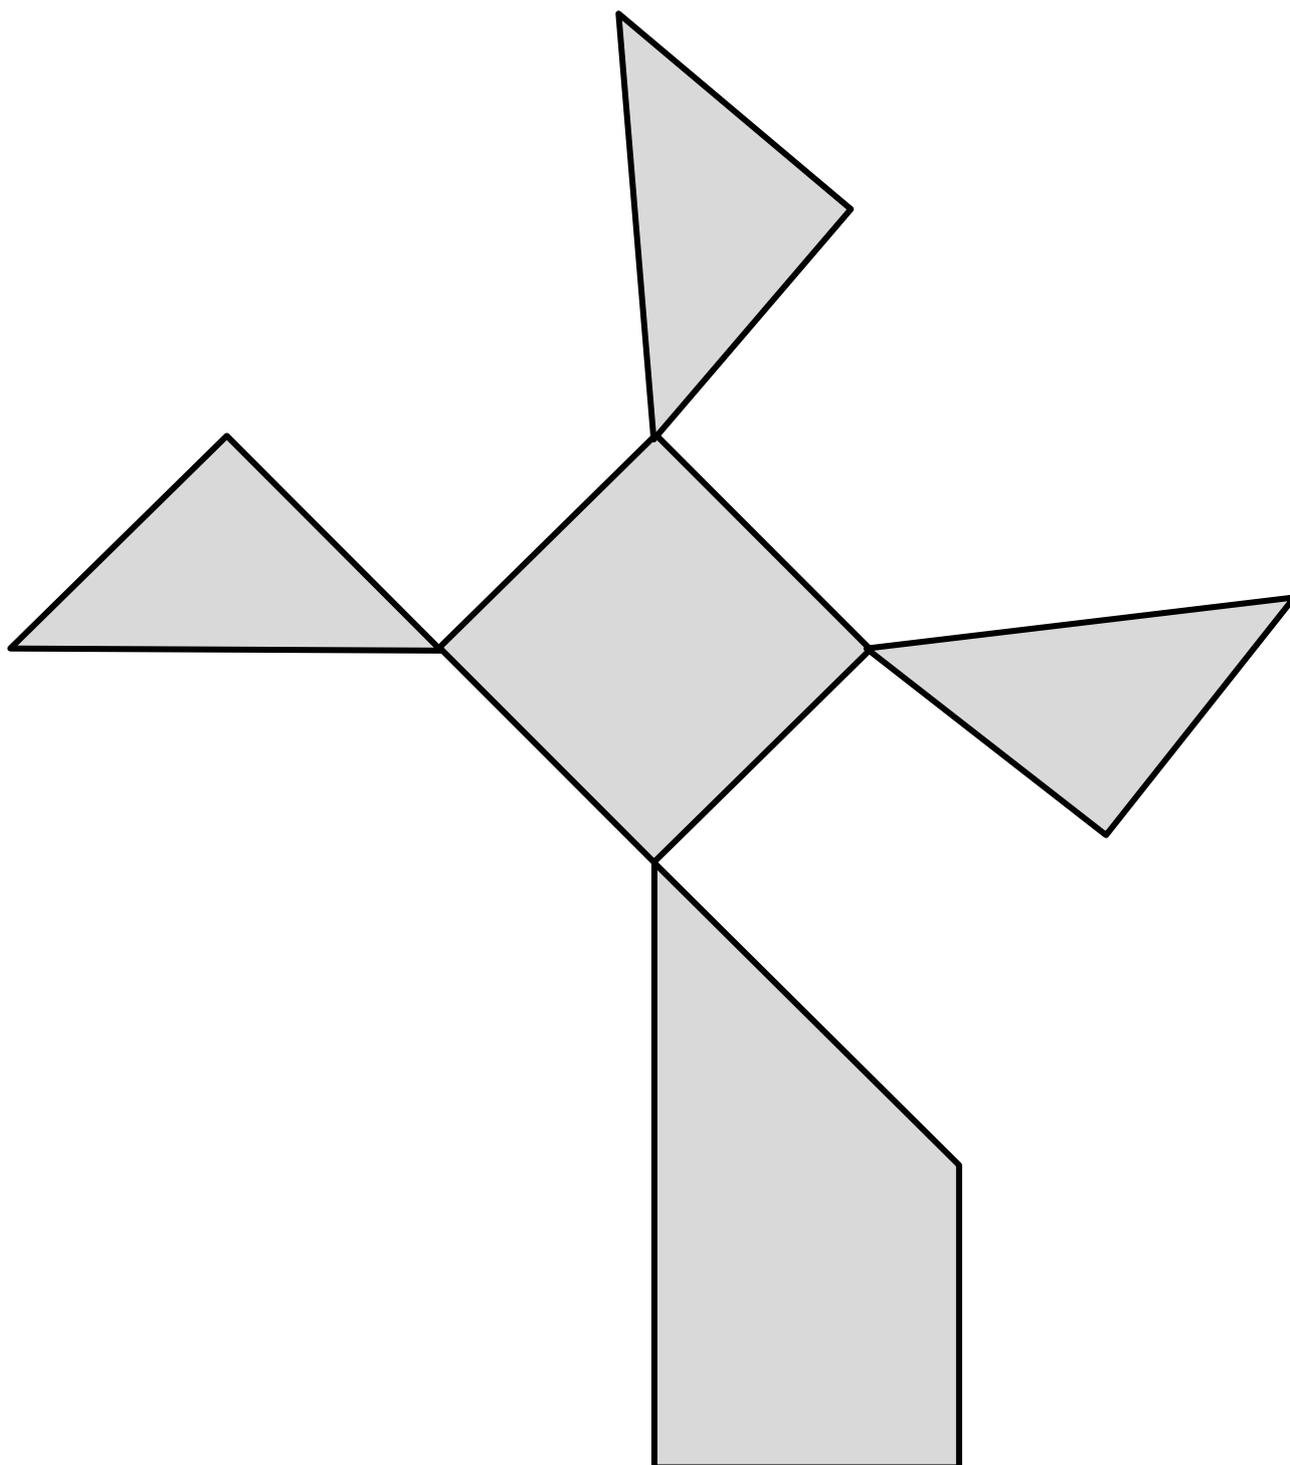

Le lapin

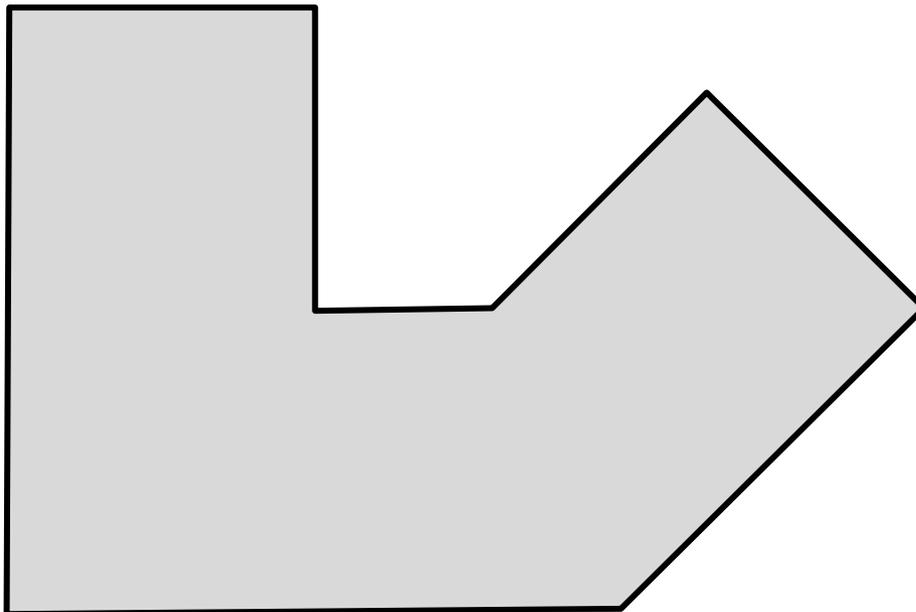

Le pingouin

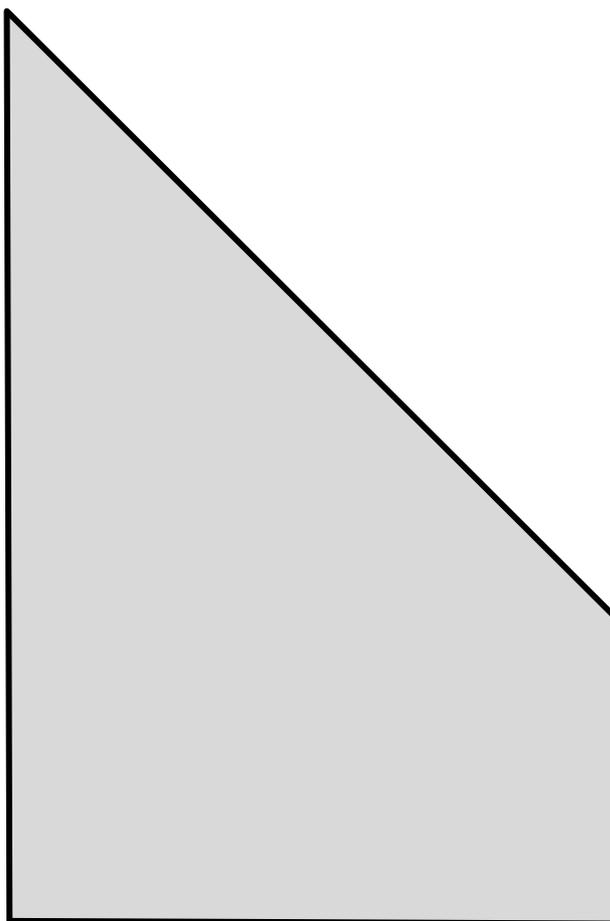

Un moulin

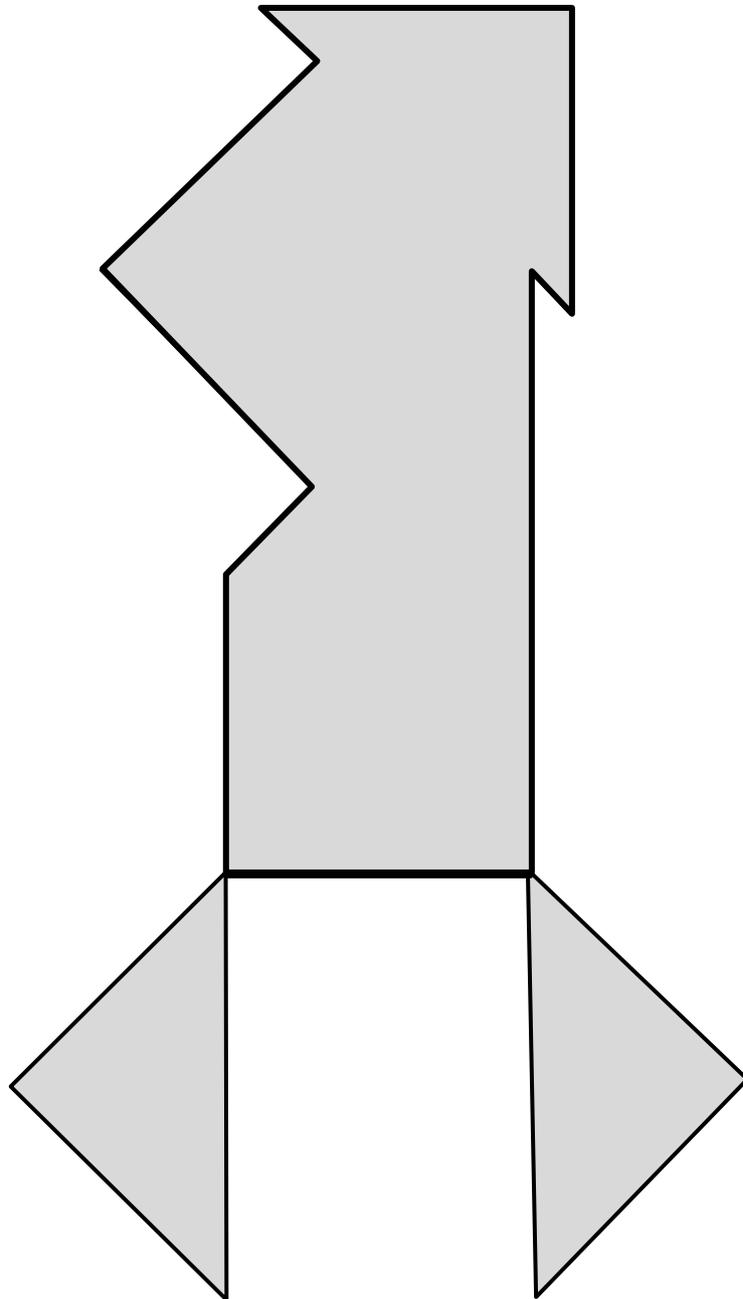

Un escargot

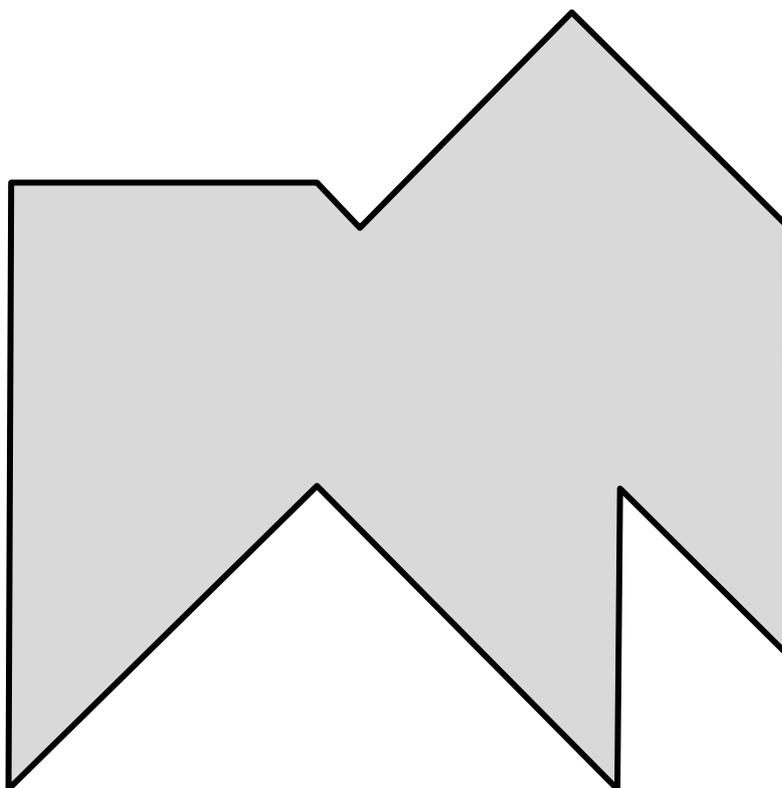

La fusée

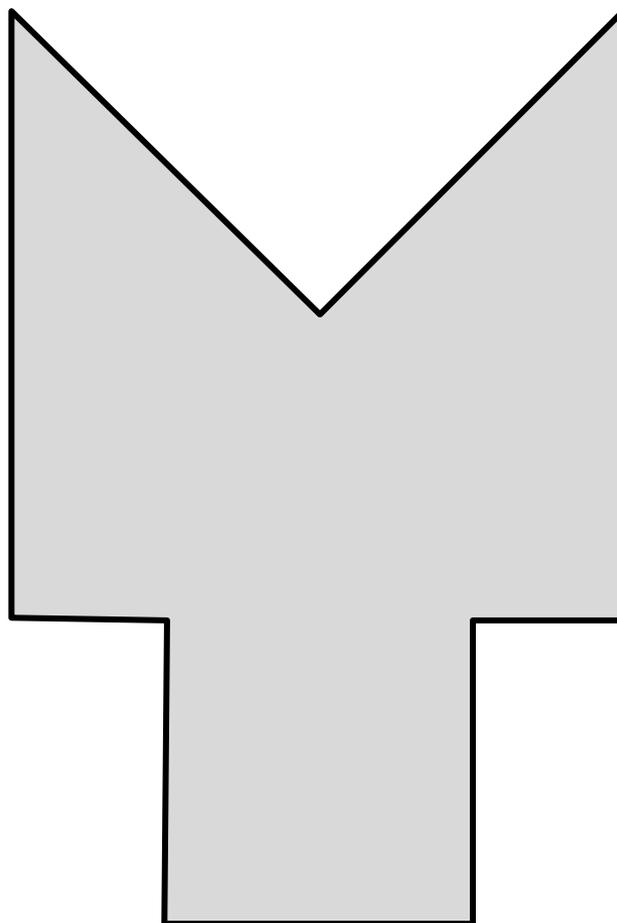

Le danseur chinois

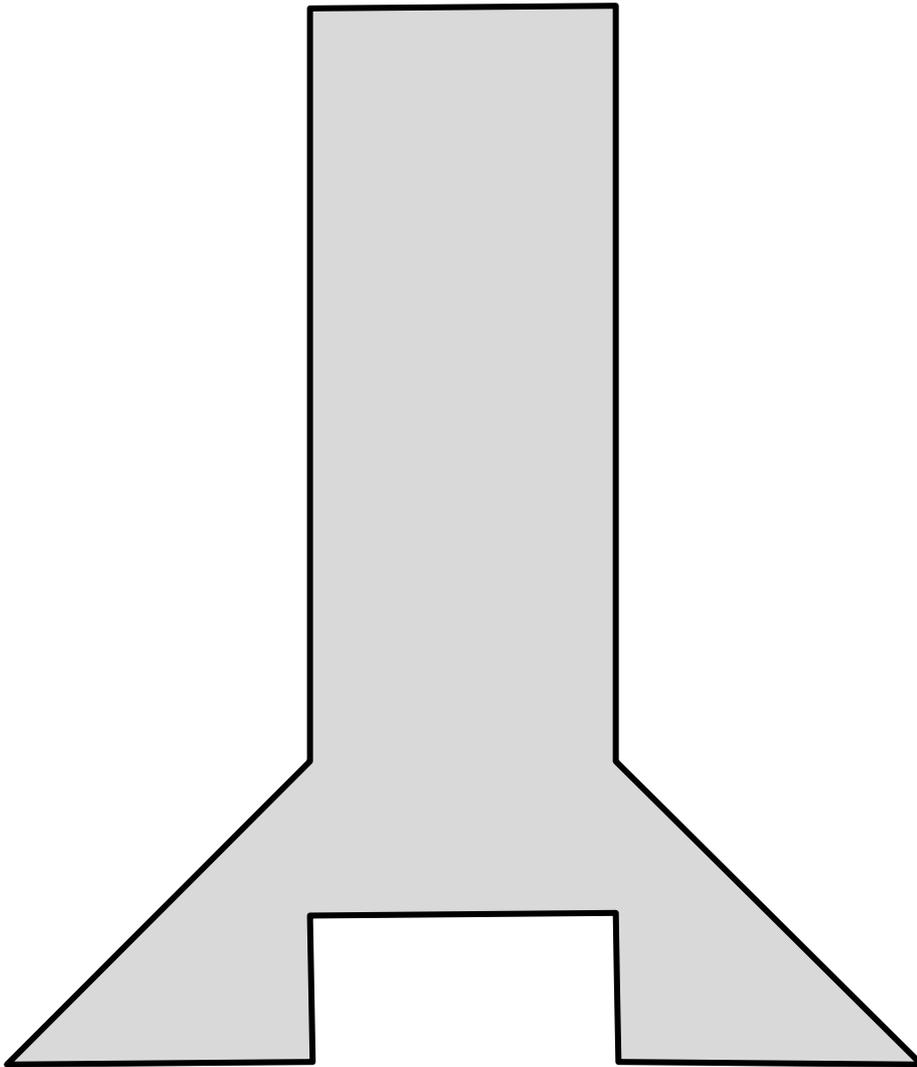

L'éléphant

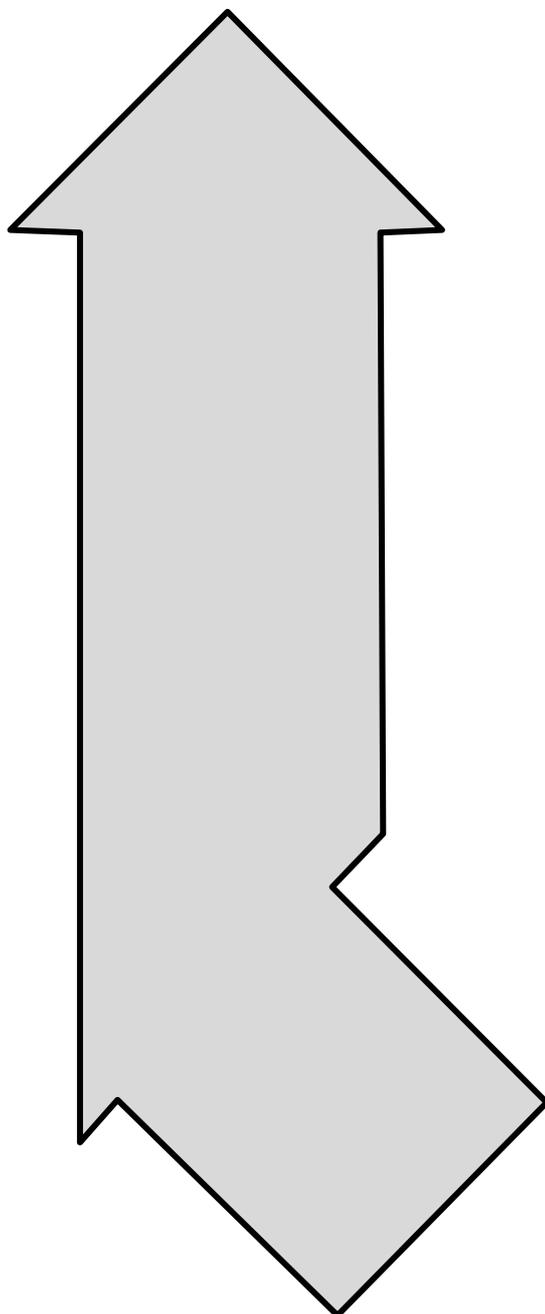

Le chat

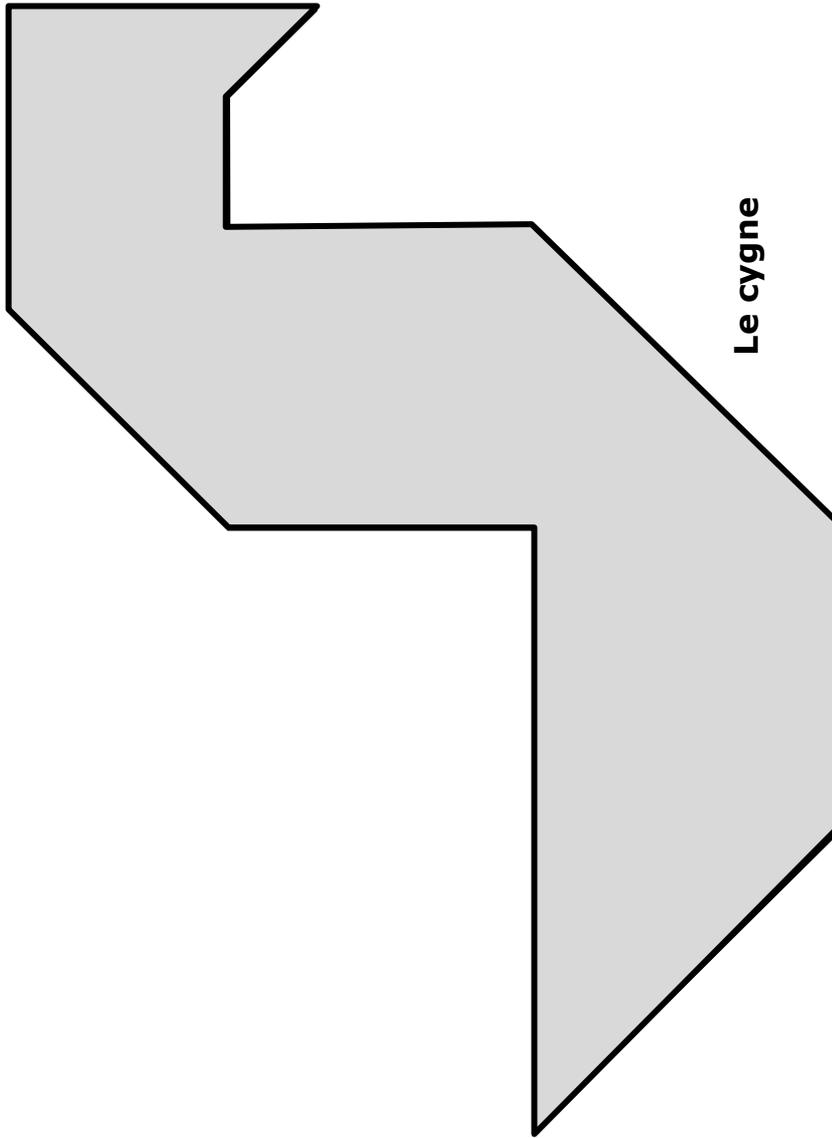

La fusée

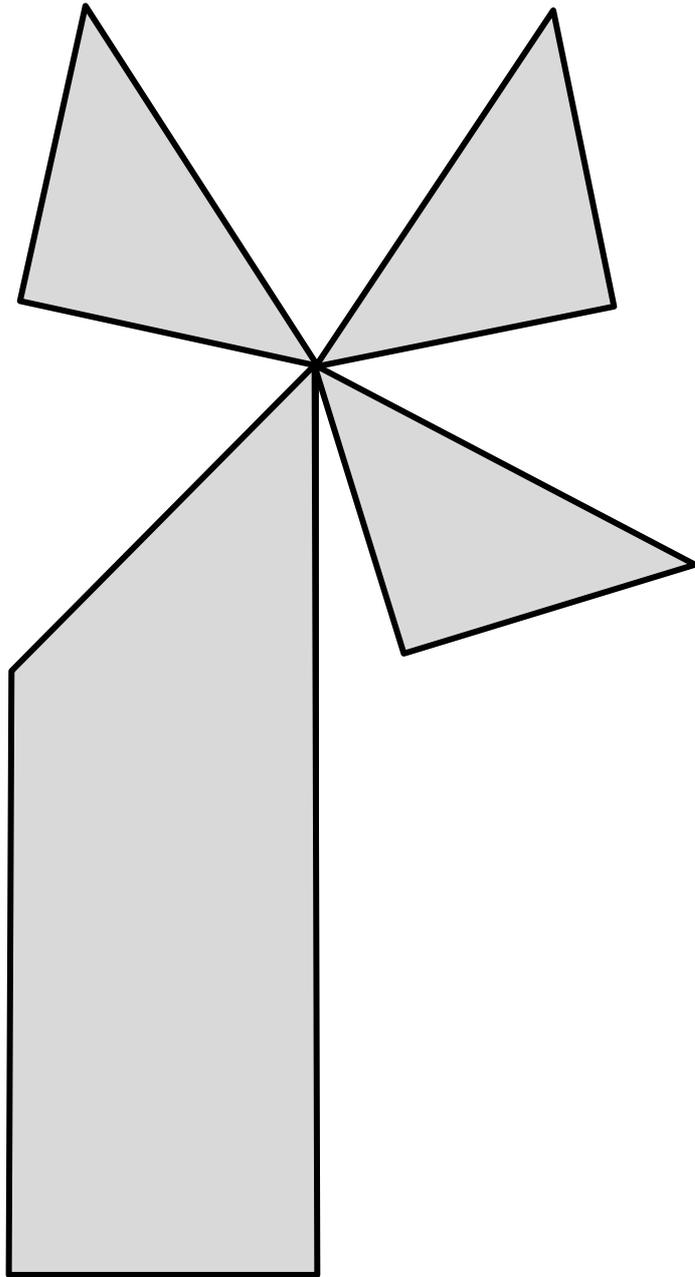

La flèche

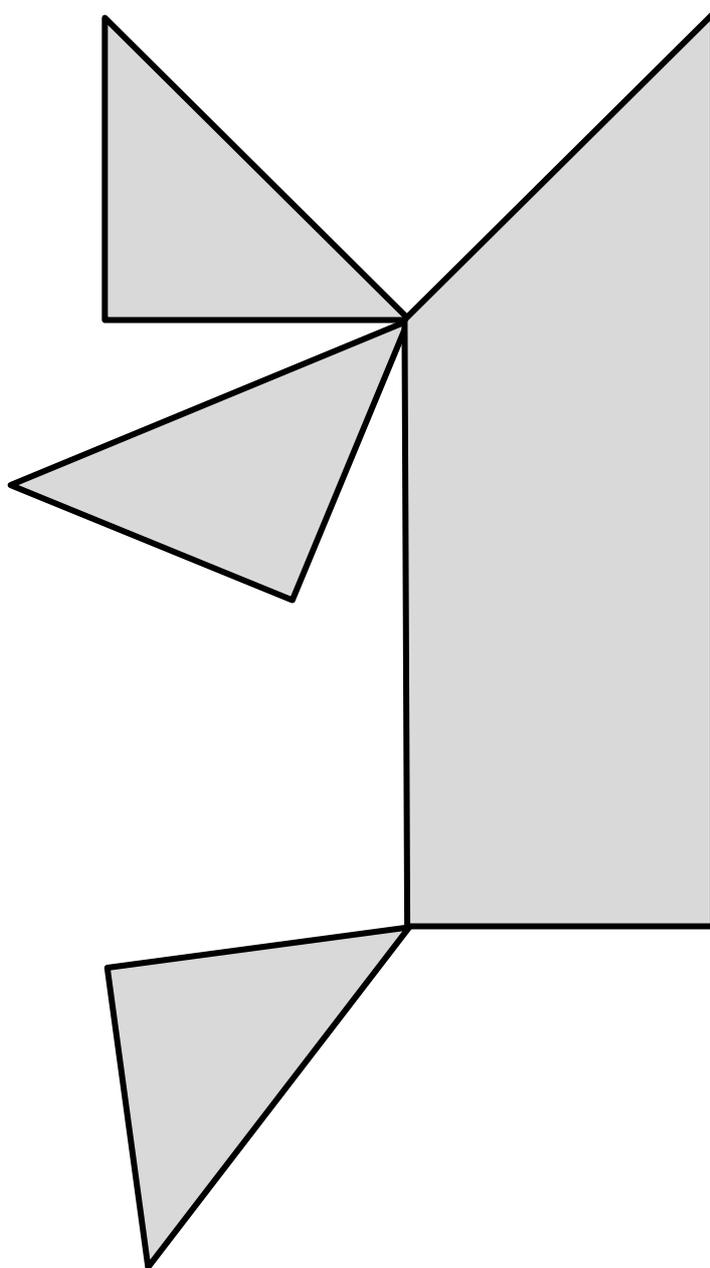

Le cygne

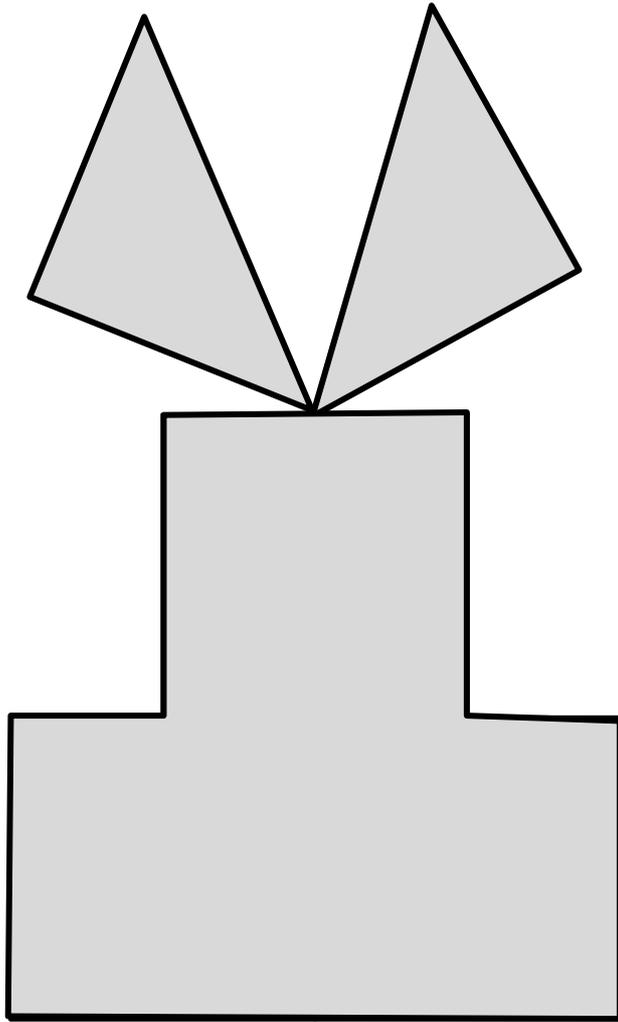

Le moulin

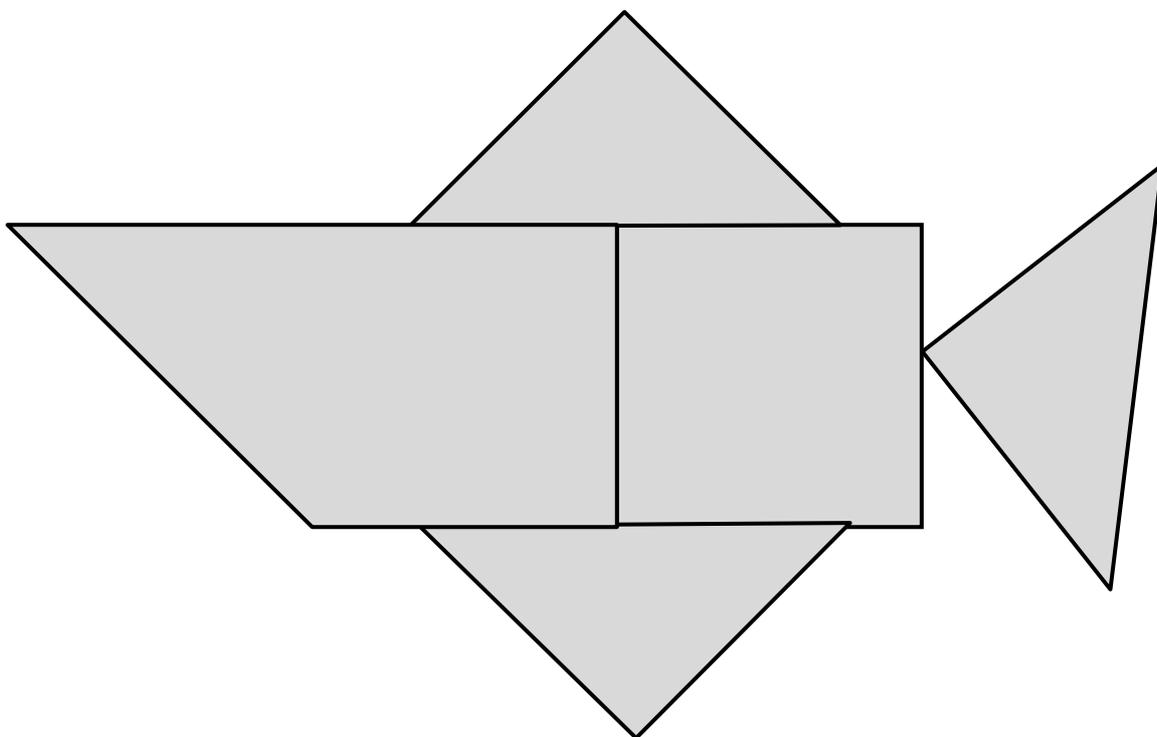

La petite souris

La plante carnivore à double tête

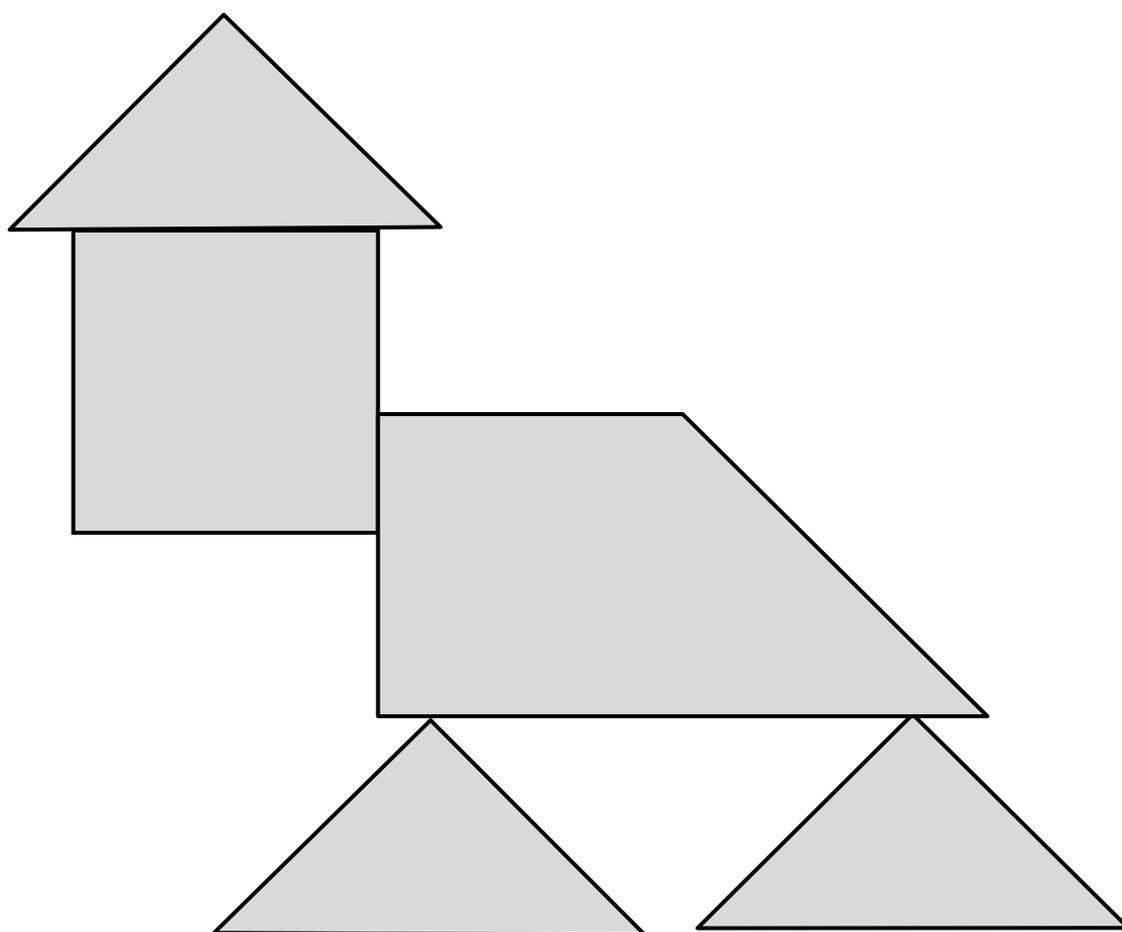

Les formes à recouvrir imaginées en 2008-2009

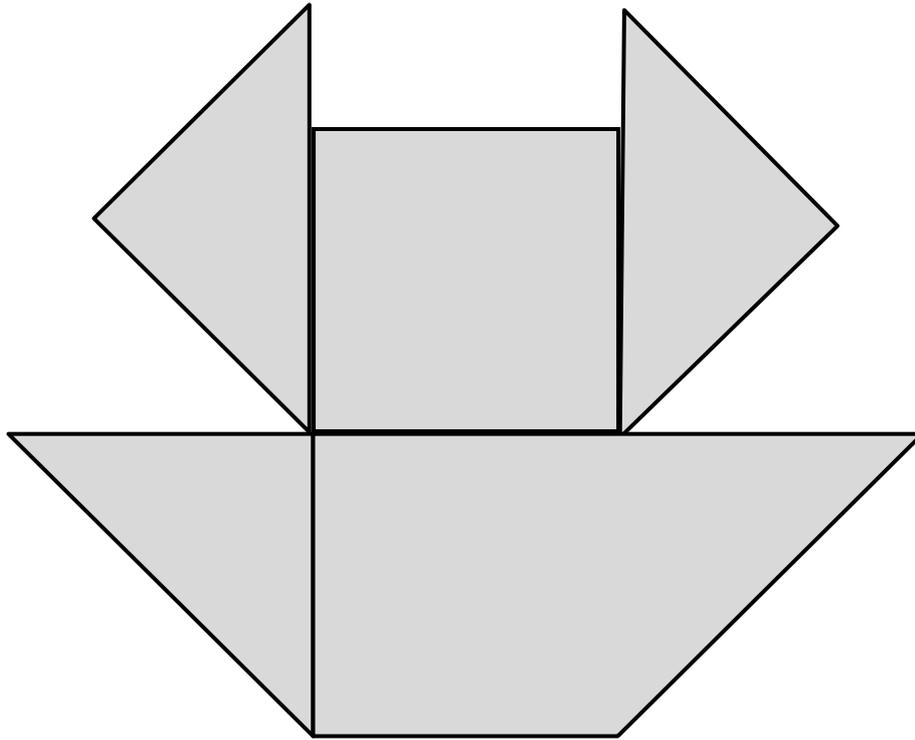

Le requin

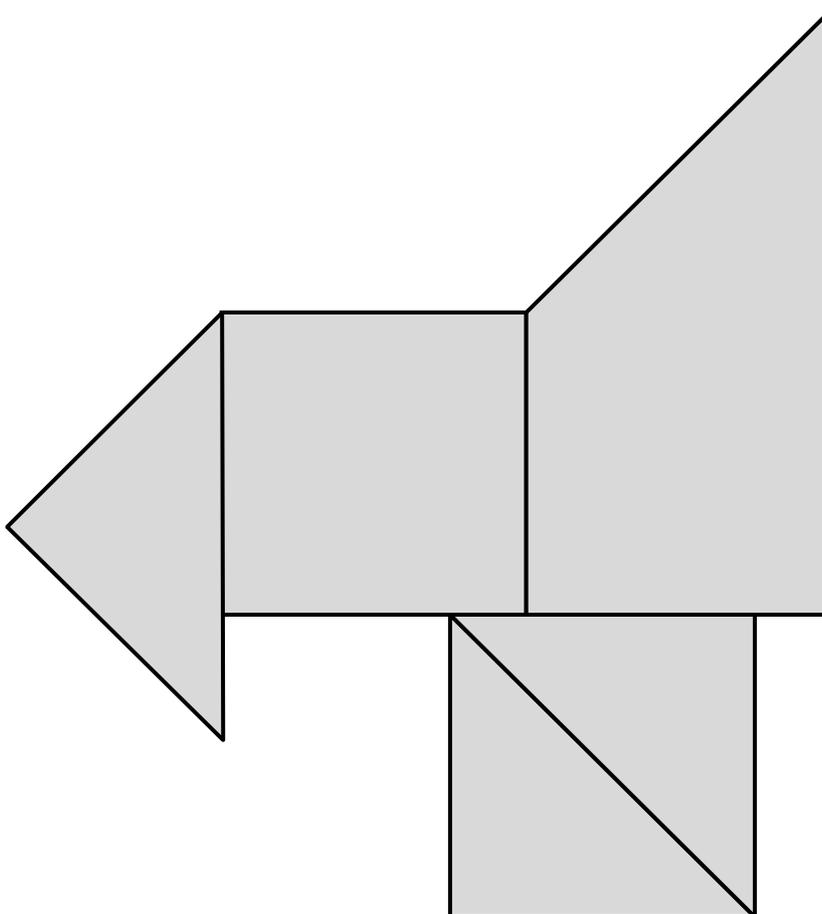

Franklin la tortue

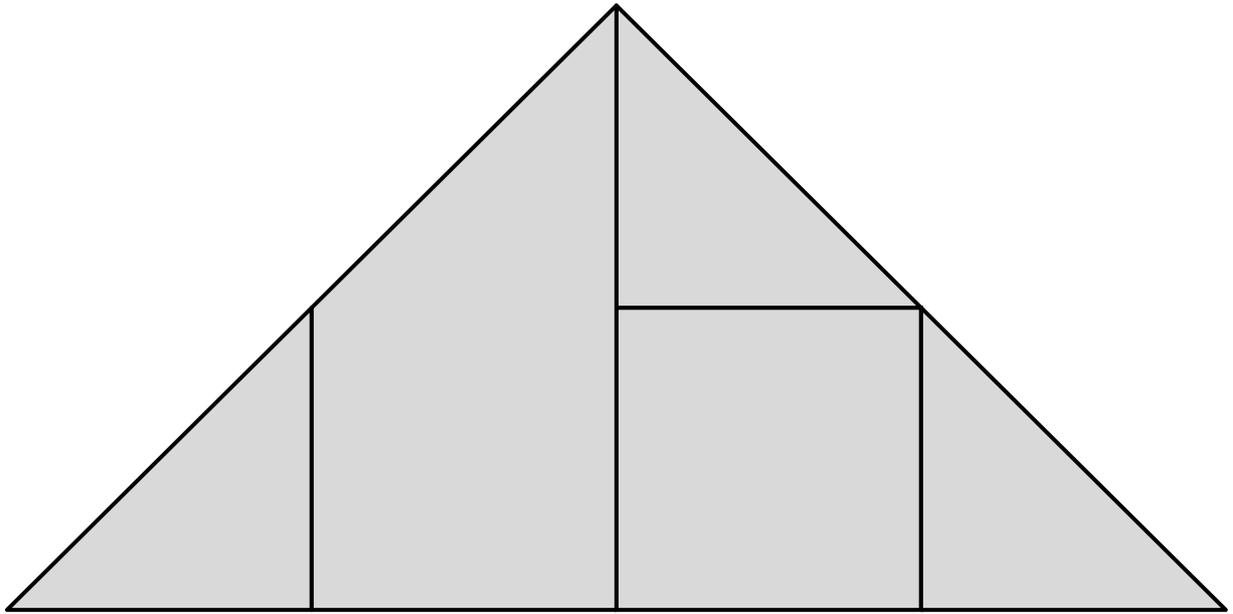

Le koala

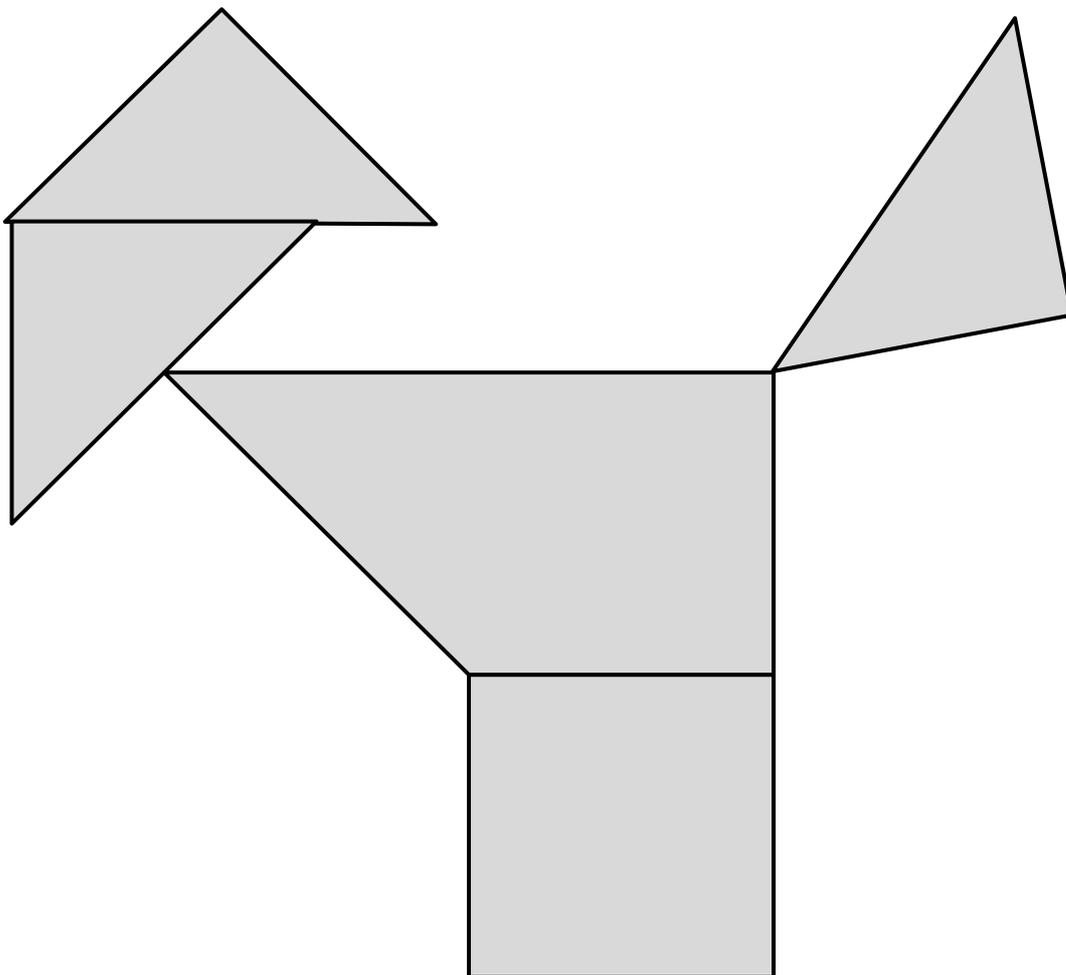

La poule

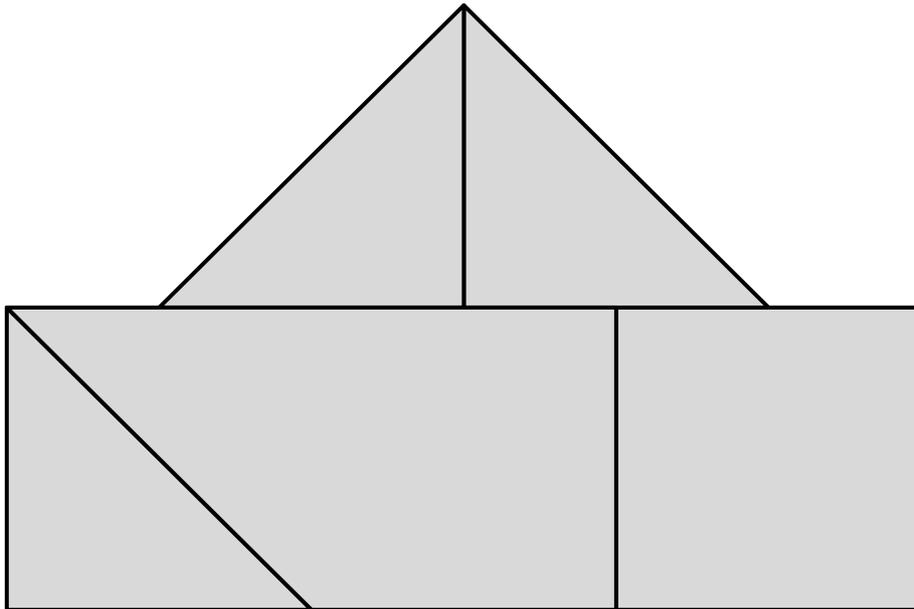

Le triangle

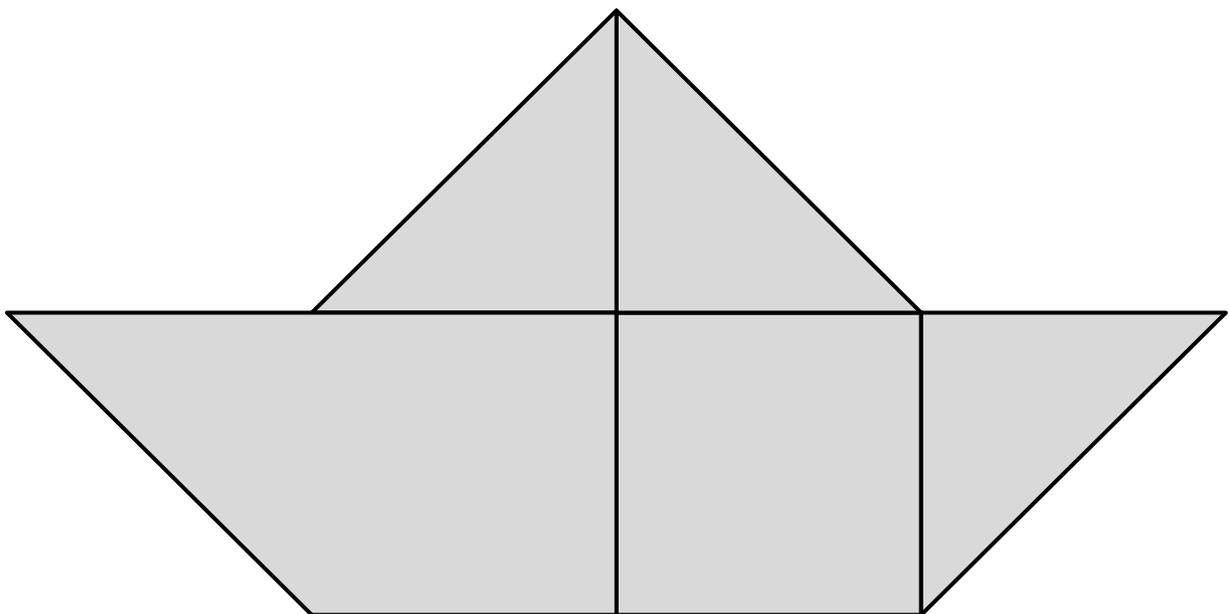

La chèvre
